

Sander Farm Preserved Natural Area

Meridian Township currently holds a lease on the Sander Farm Preserved Natural Area. Under the lease agreement, the current owner, Dr. Maureen Sander, has granted residents permission to use the property for passive outdoor recreation activities such as walking, birding and cross-country skiing. When visiting this natural area, enjoy the trails as you meander through 34 acres of open meadows and young forests that hold an abundance of summer wildflowers and wildlife such as White-tailed Deer, Red Fox, Wild Turkey and many songbird species including Eastern Bluebirds, Field Sparrows, and various warblers to name a few.
