Re: Advanced Redevelopment Solutions Invoice

The DDA entered into an agreement with Advanced Redevelopment Solutions on July 13, 2018 for assistance in drafting, adopting and selling the new Tax Increment Financing plan to financially assist redevelopment projects to occur within the DDA district.

This work was completed in December 2018 and was deemed by the Township a success, capturing almost 95% of the mills sought, which should be enough for the first development project to commence in 2019.

Township staff was intimately involved in the project and has reviewed the scope of work. While we had hoped to come in under budget, this was not the case. Staff has confirmed that the agreed-to cost of \$71,108 is justified and recommends the DDA approve that payment.

There has been some discussion between the consultants and staff about the value of any cost overruns and there may a request coming to this DDA board to consider additional payment to the consultant in the future, but I assure you our debt for the street lighting project and the construction of the new development project will be our top funding priority.

At this point I propose the DDA pay the consultants invoice for the agreed upon price.

Motion for Board Consideration:

MOVE TO APPROVE PAYMENT TO ADVANCED REDEVELOPMENT SOLUTIONS IN THE AMOUNT OF \$71,108 TO SATISFY THE AGREEMENT DATED JUNE 5, 2018 AND EXECUTED JULY 13, 2018.

Professional Services Period:

Period: June 13, 2018 thru December 31, 2018

Agreements: Engagement Letter dated June 5, 2018 with effective date June 13, 2018.

Re: Resolution Approving Interlocal Tax Sharing Agreements

Now that the Township Board has adopted the 2018 DDA TIF plan and all taxing jurisdictions have made their decisions to join or not join our tax sharing request, the final step is to execute a tax sharing agreement between Meridian Township, the Meridian DDA and each taxing jurisdiction. These agreements have, or will have been, reviewed by our consultant, township staff, township attorneys and the taxing jurisdiction staff and attorneys. By the time staff is prepared to ask for signatures, all parties will have agreed that these documents are satisfactory.

This resolution signifies that the Meridian DDA Board approves the chair and secretary to consummate the legal agreement. The Township Board will be reviewing the same resolution at their meeting tomorrow night.

Motion for Board Consideration:

MOVE TO ADOPT THE RESOLUTION APPROVING INTERLOCAL TAX SHARING AGREEMENTS.

Re: MEDC Assistance for TIF Policies and Procedures

As discussed at our last DDA Board meeting, there is a new scope of work that needs to be done now that the 2018 DDA TIF plan has been adopted. The creation of policies, procedures and applications to disburse the monies collected by the TIF need to be created and adopted.

As a Redevelopment Ready Certified community, we've been told there is technical assistance funding available via the MEDC. In your board packet is a scope of work and budget provided by CIB Planning. CIB worked in conjunction with Advanced Redevelopment Solutions on the DDA TIF process and is one of a few certified training consultants for the MEDC. They are well equipped to complete this task with the utmost professionalism, speed and accuracy.

It is unclear at this time whether the MEDC will enter into the agreement with CIB planning and pay them directly, or if the DDA will execute the agreement and the DDA will receive the funds from the MEDC to pass along to CIB Planning.

To ensure this process moves along, I recommend the DDA board discuss this matter and consider the following resolution so we can move forward before the next DDA meeting.

Motion for Board Consideration:

MOVE TO APPROVE DDA CHAIR SUSAN FULK TO ENTER INTO AN AGREEMENT WITH CIB PLANNING FOR WORK OUTLINED IN THE MERIDIAN TOWNSHIP DDA WORK PLAN IMPLEMENTATION PROPOSAL SO LONG AS THE MEDC AGREES TO PAY FOR THE WORK, WHETHER DIRECTLY TO THE VENDOR OR TO THE MERIDIAN DDA TO BE PASSED ALONG TO THE VENDOR, AND THERE IS NO NET EXPENSE TO THE DDA.

MERIDIAN TOWNSHIP DDA WORK PLAN IMPLEMENTATION

Draft 1-22-19

To implement the recommendations in the newly updated Meridian Township DDA Plan, the Meridian Township DDA Board will undertake a work program that supports the revised List of Improvements found in that document. This will be done with the assistance of consultants that will undertake *development* of a review process for applications, prepare associated application materials, and work with the DDA Board to provide review and direction. More specifically, an evaluation process is needed primarily for items #12, Private Infrastructure Improvements, and #13, Gap Funding. The following is a list of tasks to be undertaken in preparation for anticipated tax increment capture starting in 2020:

TASK 1. PRIORITIZE DDA PLAN PROJECTS

The consulting team will work with the DDA Board to prioritize projects identified in the updated DDA Plan. These were intentionally written broadly to cover a wide range of projects that may be identified. As a result, the Proposed Improvements list in the DDA Plan details projects that will compete for the Board's time and energy. While they are all important to development in the Township, some will be more long-term while others more immediate as the Board works toward implementation. The projects identified in the Improvements list of the DDA Plan will therefore be prioritized, along with more detailed sub-projects, deciding which ones should be tackled first.

TASK 2. CREATE A PROJECT REQUEST EVALUATION/RATING PROCESS.

One of the key improvements listed in the DDA Plan is the ability of the Township, at its own discretion, to commit project-specific future tax increment capture back to private projects, for a specified period of time. It is important for the DDA Board to have a mechanism in place to evaluate and rate each request. The consulting team will work with the DDA Board to create an evaluation and rating process for funding requests, using the above project prioritization as a basisi. This will help ensure a fair process and assist in determining the amount and length of tax capture needed for each project.

TASK 3. FUNDING REQUEST APPLICATION PREPARATION.

The consulting team will create a funding request application packet for use by the Township and DDA Board that describes the program and includes: 1) funding request evaluation criteria; 2) an application form and a list of required information; 3) a sample pro-forma to assist applicants; and 4) any other information deemed important by the DDA in its review process.

TASK 4. TAX CAPTURE DEVELOPMENT AGREEMENT PREPARATION.

Once a project is selected for tax increment funding, in accordance with the DDA Plan and above rating process, a development agreement is needed to specify the conditions of funding including the project description, development activities to be funded, timing of funding payment, project phasing, etc. This agreement will be drafted by the City Attorney, in conjunction with City staff and consultants, and become a template for future requests.

TASK 5. ASSISTANCE WITH TOWNSHIP BOARD REVIEW.

Since all funding requests will have to be approved by the Township Board, the DDA Board, staff, and consulting team will meet with the Township Board to present and review the above program and materials. This will help insure that the Township Board and DDA Board have the same understanding and expectations for the project. Any necessary revisions will be made after the meeting and then the final draft submitted to the DDA Board for final acceptance.

TASK 6. REVIEW OF FIRST PROJECT REQUEST.

The consulting team will assist the DDA Board and staff with the first project request review, to provide direction and advice. This will help both groups better understand how to evaluate future funding requests and maintain consistency. This first review will also help identify possible changes that are needed to the application documents, for consulting team update.
