

## Lake Lansing Advisory Committee

### Scheduled Treatment Notice

Thursday, July 9, 2020

---

**HERBICIDE TREATMENT:** Lake Lansing is scheduled to be chemically treated on Thursday, July 09, 2020. The actual application date and time is subject to change because it is dependent on a number of factors including weather.

The Lake has been surveyed three times this spring by our consultant Progressive ae, They have found only sparse growth of milfoil so far. This treatment is primarily for Starry Stonewort. It is important to keep a close eye on the Starry Stonewort as it can be a troublesome invader.

We will continue to monitor and advise as necessary.

Please see attached Posting and Posting Map for details and restrictions. This is the same notice that will be posted along the shoreline on the day of application.

This notice and alert has been processed for the Lake Lansing Special Assessment District Advisory Committee by Meridian Township. This notice as well as future and past notices can be found on the Meridian Township website. <http://www.meridian.mi.us/government/boards-and-commissions/lake-lansing-advisory-committee>

Thank you,

Lake Lansing Special Assessment District  
Advisory Committee
