- A. Village of Okemos- Phase 1 ELGE Grant Reimbursement Request No. 1  
Quarterly Report-FY 2021 Quarter 2

Dave VanHaaren provided a summary of his memorandum dated April 23, 2021. The memorandum gave a detailed summary of the activities conducted and costs presented by the Developer and its consultant, Advance Redevelopment Solutions. Activities completed included potable well abandonment, asbestos abatement, above-grade demolition, partial at-grade/below- grade building demolition, site demolition, and site restoration activities including backfill and compaction at the subject property. Triterra on behalf of the Township and the Brownfield Redevelopment Authority reviews the activities that were conducted, the project work plan and the reimbursement request. The total cost of activities that were conducted was \$274,967.93 which is approximately 12 percent of the total grant/loan program that was awarded. Triterra found the activities in compliance with the grant/loan program and approved work plan and recommends the submittal of the quarterly reimbursement report and payment request to EGLE. The BRA Board discussion included the following:

- The BRA Board is being asked to accept the reimbursement request
- The particular source of funds for the reimbursement
- Triterra will request the Developer and EGLE to better define the funding sources between the Refined Petroleum Grant and the Renew Michigan Grant
- Important for the BRA Board to see the unconditional waivers from previous payment to know contractors have been paid and track where the money is going
- The Developer will provide proof of payment
- Triterra will track the reimbursements through the grant/loan agreements the Township has executed with EGLE that the money is used appropriately and within budget
- If EGLE approves the reimbursements the funds would be sent to the Township and the Township Treasurer would issue a check to the Developer for the reimbursement
- If EGLE denies the reimbursement or a portion of the reimbursement Triterra will notify the BRA Board
- Triterra will identify on the quarterly reports the funding source

Motion by Director Premoe to approve Village of Okemos-Phase 1 EGLE Grant Reimbursement Request No. 1 and submit the Quarterly Report- FY 2021 Quarter 2.

Supported by Director Matuszak.

VOICE VOTE: 7-0

## 6. **Old Business – None**

### A. Elevation Brownfield Reimbursement Request

The BRA Board had requested at its last meeting information on the total amount of money captured and the total amount of money that has been reimbursed. Treasurer Deschaine provided a spreadsheet for 2018/2019/2020 showing total money captured and total money reimbursed. The reimbursement did include a portion of interest per the Brownfield agreement.

### B. March Bank Statement

Through the end of March the bank balance was \$40,669.75.

## 7. **Project Updates**

Township Manager Frank Walsh provided update on the following projects:

- Carwash proposed at the southeast corner of Grand River Avenue and Dawn Avenue
- Rezoning of the former LaFontaine site on Grand River Avenue
- Building Permit submitted for Buddy's Pizza
- Community survey
- Rezoning of Midwest Power at Jolly Road
- Joe's Restaurant on Jolly Road
- Village of Okemos site preparation in fall
- Okemos Road bridge construction 2022

- New Community Planning & Development Director Tim Schmitt will start May 17, 2021

8. **Public Remarks - None**

9. **Adjournment**

Chair Theuer adjourned the meeting at 8:58 a.m.

Respectfully Submitted,

Mark Kieselbach

**Re: 2020 Brownfield Annual Report**

---

Under the Brownfield Redevelopment Financing Act, Act 381 of 1996, the local Brownfield Redevelopment Authority (BRA) is required to submit on an annual basis to the governing body, the Department of Environment, Great Lakes, and Energy, and the Michigan Strategic Fund a reporting of the Authority's activity in the previous year. Said annual report is required to include the following information:

- (a) The total amount of local taxes that are approved for capture and the total amount of taxes levied for school operating purposes that are approved for capture for each parcel included in a brownfield plan.
- (b) The amount and purpose of expenditures of tax increment revenues.
- (c) The amount and source of tax increment revenues received for each active brownfield plan, including the amount of tax increment revenues captured in the most recent tax year and the cumulative amount of tax increment revenues captured for each brownfield plan.
- (d) The initial taxable value of all eligible property subject to the brownfield plan.
- (e) The captured taxable value realized by the authority for each eligible property subject to the brownfield plan.
- (f) The amount of actual capital investment made for each project.
- (g) The amount of tax increment revenues attributable to taxes levied for school operating purposes used for activities described in section 13b(6)(c), section 2(o)(i)(F) and (G), and section 2(o)(ii)(B) and (C).
- (h) The number of residential units constructed or rehabilitated for each project.
- (i) The amount, by square foot, of new or rehabilitated residential, retail, commercial, or industrial space for each project.
- (j) The number of new jobs created at the project.
- (k) A copy of all brownfield plan amendments approved by the local unit of government.
- (l) All additional information that the governing body, the department, or the Michigan strategic fund considers necessary

At this time, the Brownfield Redevelopment Authority and Township Board have approved four Brownfield Plans in the community. Three of those projects have started construction, while only one has created a tax increment and begun capture under the terms of the plan. The fourth project is nearing construction, potentially still this year. A fifth project has been discussed extensively, but a formal request for approval has not been submitted to Staff for review. A summary of each Plan and the current status follows.

## Meridian Township Brownfield Redevelopment Authority – Annual Report for 2020

### Elevation at Okemos Pointe

The Elevation project, at the intersection of Jolly Oak Road and Jolly Road, is the Township’s main Brownfield project at this time. The project started as a Brownfield through Ingham County and was transferred to the Township’s BRA in 2019, after Phase 1 was completed and final site plan changes were proposed. The first two phases of residential construction are complete, with a third phase forthcoming. The two non-residential buildings on the south end of the property are currently undergoing renovation and should be fully online sometime this year. This project is the only one in the township that has actually started the tax capture under their Brownfield Plan, so the reporting required under the State Enabling Legislation will focus on this project alone.

The original parcels in the project have been reconfigured, based on changes from the Amended plan. The parcel numbers for this report and for the tax capture are as follows:

Per approved plan	Current parcel numbers
33-02-02-33-376-010	33-02-02-33-353-021
33-02-02-33-353-015, 33-02-02-33-376-011, & 33-02-02-33-376-012	33-02-02-33-302-013

33-02-02-33-329-002	Same
33-02-02-33-329-100	Same

There is no tax capture on parcel 33-02-02-33-329-002 or 33-02-02-33-329-100.

- (a) The total amount of local taxes that are approved for capture and the total amount of taxes levied for school operating purposes that are approved for capture for each parcel included in the brownfield plan are as follows:

All local taxes	School operating taxes approved for capture
\$5,898,251	\$0

- (b) The amount and purposes of expenditures of tax increment revenues that were approved in the Brownfield Plan are as follows:

Purpose of Expenditure	Amount
Meridian Township BRA Administration	\$299,070
Ingham County BRA Local Brownfield Revolving Loan Fund	\$86,344
Meridian Township BRA Local Brownfield Revolving Loan Fund	\$213,080

33-02-02-90-528-951	\$6,100
33-02-02-90-530-525	\$3,900

(f) The total amount of actual capital investment made for each phase that has been completed is as follows. These numbers include land costs but exclude financing costs.

- a. Phase 1 - \$10,540,099.76
- b. Phase 2 - \$2,316,375.53

Current Total Investment: **\$12,856,475.29**

(g) The amount of tax increment revenues attributable to taxes levied for school operating purposes used for activities described in section 13b(6)(c), section 2(o)(i)(F) and (G), and section 2(o)(ii)(B) and (C) is **\$0**.

## Meridian Township Brownfield Redevelopment Authority – Annual Report for 2020

- (h) Phase 1 of the project included 170 dwelling units and phase 2 included 117 dwelling units, for a **current project total of 287 dwelling units.**
- (i) The amount, by square foot, of new residential and commercial space for each phase:
- Phase 1 Residential SF = 171,670 rentable residential sq ft
  - Phase 1 Commercial SF = 2,500 rentable commercial sq ft (gym only...not including clubhouse/leasing office)
  - Phase 2 Residential SF = 80,989 rentable residential sq ft
  - Phase 2 Commercial SF = 0 rentable commercial sq ft
- Current totals: **Residential: 252,659 sq. ft.**  
**Commercial: 2,500 sq. ft.**
- (j) Five (5) full time equivalent jobs (four full-time, two part-time) have been created in the project thus far.
- (k) There has been one plan amendment approved by the Township, a copy of which is attached to this report.
- (l) The main commercial portions of the project are expected to be online this year, with full capture occurring in 2022. The third phase of residential construction is currently on hold, given the construction and lumber climate resulting from the Covid19 pandemic. The project is expected to move forward with that last portion of construction in the near future.

### 2360 Jolly Road

This redevelopment project was originally a part of the Elevation project (see above) but was spun off as its own plan in October 2019. Construction on the project is underway, after a series of delays due to the Covid19 pandemic and construction issues with respect to drainage on the site. Per the approved Brownfield plan, the project summary includes the following work:

The proposed redevelopment of the Project, which is the subject of this Plan, will redevelop the entire building that includes an estimated 17,323 square feet of small business spaces. The current warehouse will create three (3) separate commercial business spaces.

### Haslett Marathon

The Brownfield Plan for the property at 1619 Haslett Road was approved on July 7, 2020. The project involves the complete reconstruction of the Haslett Marathon and construction on the site started this summer. The underground work has been completed and the vertical construction has started as of this writing. At this time, there have been no reimbursement requests made and the tax capture for the project does not start until 2022. Per the approved Brownfield plan, the project summary includes the following work:

The redevelopment will involve the raze and rebuild of the gasoline service station on the Property. The current pump locations and existing 1,674 square foot building will be demolished for the new construction of a 6,622 square foot building and four (4) gasoline/diesel dispenser islands located beneath a new canopy, which will be connected to the existing underground storage tank (UST) system. A new approximately 6,000-gallon diesel fuel UST will also be installed to better serve patrons. The proposed building will include a mix of retail, restaurant and automotive service uses with 4,343 square feet dedicated for the retail/restaurant space and an automobile service center consisting of 2,279 square feet and three (3) service bays. The plan proposes 20 parking spaces on site, bike parking and an outdoor seating area adjacent to the convenience store. To better serve the community, the building

location will be moved to sit on the corner of Haslett and Marsh to allow for a more downtown, urban feel. This new placement on the parcel will appeal to and improve the intersection's walkability.

### Pine Village of Meridian

The Brownfield Plan for the property at 1673 Haslett Road was approved on September 22, 2020. The project involves the construction of a new, mixed-use, senior apartment building on the site, with demolition of the existing building and adjacent grocery store occurring first. The developers are currently finalizing the plans for the site and construction has yet to commence. At this time, there have been no reimbursement requests made and the tax capture for the project was not anticipated to start until 2022, but that may be delayed due to construction delays. Per the approved Brownfield plan, the project summary includes the following work:

A redevelopment of the subject property located on the south side of Haslett Road in Meridian Charter Township. The project includes the demolition of an approximately 23,415-square foot, single-story multi-tenant commercial building located at 1673 Haslett Road and the adjacent shopping center building located at 1655 Haslett Road. The developer will construct a four-story, 147,721 square foot, mixed-use building consisting of a senior apartment building with a total of 132 residential units and 9,114 square feet of leasable commercial space. A new parking lot and site improvements will be constructed on the east, south, and west sides of the building.

### Village of Okemos

The Village of Okemos construction has not commenced due to additional discussions between the Developer and Meridian Township on the public financial support of the project. The current economic climate for development has led to high costs for materials and labor and the applicant has been working through plan modifications to make the project more financially viable.

Demolition of the buildings on Okemos and Hamilton road began Phase 1 of the Blight Elimination and Pad Ready portion of the project. This phase is supported through financing from the Michigan Department of Environment Great Lakes and Energy (EGLE). The composition of the financing comes in the form of two grants (the Refined Petroleum Grant and the Renew Michigan Grant) and a loan with EGLE from the Township to be paid by the developer. The total funding received should be about \$3 million dollars from EGLE in support of the remediation of the site. There are currently no applications to the Meridian Township Brownfield Development Authority for reimbursement of eligible costs. Until a confirmed site plan can be engineered the Developer will refrain from making a formal request to the BRA.

**RESOLUTION TO APPROVE**

**Elevation at Okemos Pointe Brownfield Plan Amendment**

At a regular meeting of the Township Board of the Charter Township of Meridian, Ingham County, Michigan, held at the Meridian Municipal Building, in said Township on the 8th day of August, 2019, at 6:00 p.m., Local Time.

PRESENT: Supervisor Styka, Clerk Dreyfus, Treasurer Deschaine, Trustees Jackson, Opsommer, Sundland, Wisinski

ABSENT: None

The following resolution was offered by Trustee Opsommer and supported by Trustee Sundland.

WHEREAS, Okemos Pointe, LLC has requested approval of the Elevation at Okemos Pointe Brownfield Plan Amendment No. 1 in order to pursue tax increment financing through the Meridian Township Brownfield Redevelopment Authority for the cleanup of environmental contamination and fill and debris at the Elevation at Okemos Pointe project located on the west side of Jolly Road, north of Jolly Road; and

WHEREAS, the Township Board of the Charter Township of Meridian approved the transfer of the Elevation at Okemos Pointe Brownfield Plan from Ingham County to Meridian Township at its meeting on March 19, 2019; and

WHEREAS, the Meridian Township Brownfield Redevelopment Authority discussed the brownfield plan amendment and voted to recommend approval to the Township Board at its meeting on June 20, 2019; and

WHEREAS, the Township Board held a public hearing on the plan amendment at its meeting on July 23, 2019 and has reviewed the information forwarded by staff under cover memorandums dated July 17, 2019 and August 1, 2019; and

WHEREAS, the proposed brownfield plan amendment constitutes a public purpose under the Brownfield Redevelopment Financing Act, Public Act 381 of 1996; and

WHEREAS, the proposed plan meets the requirements for a brownfield plan as established in Section 13 of Public Act 381 and the properties included in the Plan were determined to be Facilities, or Adjacent and Contiguous as required by Public Act 381; and

WHEREAS, the proposed eligible activities are reasonable, will adequately address brownfield conditions on the site, and provide protection of the environment and health of future occupants; and

WHEREAS, the proposed method of financing the costs of the eligible activities are reasonable and necessary to carry out the purposes of Public Act 381; and

WHEREAS, the requested TIF support will close a financial gap in the project and will not allow an unreasonable return to the developer; and

**Resolution to Approve**  
**Elevation at Okemos Pointe Brownfield Plan Amendment**  
**Page 2**

WHEREAS, the proposed brownfield plan is capped at \$5,898,251, of which the projected costs of developer eligible activities shall not exceed \$5,299,758 over an estimated 18 year period, the maximum capture into the Ingham County BRA Local Site Remediation Revolving Fund (LSRRF) shall be \$86,344, and the Meridian Township Brownfield Redevelopment Authority capture for administration shall be \$299,070 and \$213,080 for the Local Brownfield Revolving Fund (LBRF). If the actual costs of eligible activities turns out to be lower than the above estimates, developer reimbursement and County and Township BRA capture may be lower; and

WHEREAS, the Township Board of the Charter Township of Meridian supports the intent of the brownfield plan amendment to facilitate the redevelopment and restoration of environmental and economic viability to the parcels included in the plan.

NOW THEREFORE, BE IT RESOLVED THE TOWNSHIP BOARD OF THE CHARTER TOWNSHIP OF MERIDIAN hereby approves the Elevation at Okemos Pointe Brownfield Plan Amendment No. 1, subject to the following conditions.

1. Approval is in accordance with the brownfield plan prepared by Advanced Redevelopment Solutions dated June 19, 2019.

**PROJECT SUMMARY SHEET: BROWNFIELD PLAN AMENDMENT NO.1 –  
Elevation at Okemos Pointe Project**

**Project Name:** Elevation at Okemos Pointe

**Applicant/Developer:** Entity Name: Okemos Pointe, LLC (“Owner” or “Developer”)  
Contact: Will Randle  
Mailing Address: 2410 Woodlake Dr.  
Okemos, MI 48864  
Phone: 517-580-2550

**Eligible Property Location:** The Eligible Property (“Property”) consists of six (6) parcels located at:  
2360 Jolly Road (portion) – Tax ID #33-02-02-33-376-010;  
2398 Jolly Road (portion – Tax ID #33-02-02-33-353-015;  
2350 Jolly Oak Road (portion) – Tax ID #33-02-02-33-329-002;  
2360 Jolly Oak Road – Tax ID #33-02-02-33-376-011;  
2362 Jolly Oak Road – Tax ID #33-02-02-33-376-012; and  
Jolly Oak Road (portion) – Tax ID #33-02-02-33-329-100  
Okemos, Meridian Charter Township, Michigan.

One parcel, 2360 Jolly Road (portion) – Tax ID #33-02-02-33-376-010, adds a small portion of Property (approximately +/- 0.09 Acres) with this Plan Amendment.

**Property Size:** Approximately 37.38 acres

**Type of Eligible Property:** Facility (Contaminated) and adjacent or contiguous to at least one of the Property’s “facility” parcels.

**Project Description and Total Capital Investment:** The primary purpose of the original 2016 Brownfield Plan was to facilitate the development of all six (6) original parcels in a key area of Meridian Charter Township. It was anticipated that multiple phases would occur within this area, but the originally conceived project plan needed to change to adjust to market conditions and site conditions and as such cannot be completed as originally planned in 2016.

This Plan Amendment is the result of a newly proposed adjustment to the redevelopment project (“Project”), a mixed-use redevelopment of the underutilized, abandoned, vacant and contaminated parcels and adjacent and contiguous parcels which was first developed in 1963 and has been substantially underutilized since 1999 (17 years).

The parcels are located north of Jolly Road and west of Jolly Oak Road and Farrins Parkway (see Exhibit A). This mixed-use redevelopment is a multi-phase, \$60 million project (Phase 1 and Phase 1A, excluding land and financing costs) that will comprise commercial/amenity space and 284 market-rate apartment units. Phase descriptions have changed from the original Plan and Phase 2 (formerly Phase III) may be completed but is dependent upon the success and market condition outcomes upon completion of Phase 1A. Phase 2 capital investment is not a part of the aforementioned Project cost.

Okemos Pointe, LLC is the Owner and Developer of the Project and is seeking reimbursement through tax increment financing (TIF) for Brownfield eligible activities.

Phase 1 construction began in 2017 and was completed in 2018. Phase 1A construction is scheduled to begin in the Summer 2019 and will be completed by the end of 2020.

**Uniqueness & Significance of Project to Township**

The amended mixed-use redevelopment Project will:

- Bring a significant investment and major improvement to the area;
- Be transformative in nature;
- Add to the economic vitality of the Township;
- Add to the success of the Township’s broader development strategy;
- Bring quality market rate apartment housing to the Township;
- Be a uniquely designed project with high quality durable materials, and;
- Result in community and municipal benefits of increased property taxes on the Property.

**Purpose of Amendment:**

Brownfield Plan Amendment No.1 (“Plan Amendment”) purpose is to:

- Add a small portion to Eligible Property from a parcel located at 2360 Jolly Road, Tax ID #33-02-02-33-376-010 (see Exhibit A);
- Identify and describe the amended Project;
- Identify new projected taxable value and tax increment revenues because of the proposed amended Project;
- Identify new eligible activity costs and associated contingency, interest, Plan Amendment Preparation, Plan Amendment Implementation for Developer, Authority Administration & Application Fees, and County Authority & Township Authority capture for Local Brownfield Revolving Fund (LBRF) at \$5,898,251, and;
- Extend the Plan’s tax increment revenue capture period an additional 7-years through 2035 (last year of tax capture), making the Plan an 18-year tax increment revenue capture plan.

**Estimated Job Creation:**

Upon Project completion, up to eight (8) new local full-time-equivalent jobs are projected to be created.

**Estimated Duration of Plan**

**Capture:** 18 years (2018-2035), total estimated Plan capture duration for reimbursement of Eligible Activities, Brownfield Plan and Amendment costs, Brownfield Plan Implementation Fees, Authority Administration & Application Fees, and LBRF capture for County & Township. NOTE: Plan capture of tax increment revenues shall not exceed 30 years.

**Estimated Duration of Plan:** 20 years (2016-2035) estimated but valid up to 35 years.

**Base Year of Plan:** 2016 with the exception of the newly added portion of parcel Tax ID #33-02-02-33-376-010 which shall be tax year 2019.

**First Year of Plan Capture:** 2018

## **INTRODUCTION**

### **A. General**

Meridian Charter Township, Michigan (the “Township”), established the Meridian Township Brownfield Redevelopment Authority (the “Authority”) on April 18, 2017, pursuant to Michigan Public Act 381 of 1996, as amended (“Act 381”). The Michigan Department of State, Office of the Great Seal, acknowledged receipt and filing of the resolution on May 17, 2017. The primary purpose of Act 381 is to encourage the redevelopment of eligible property by providing economic incentives through tax increment financing for certain eligible activities.

The purpose of this Brownfield Plan (the “Plan” and/or “Amendment”), as amended is to promote the redevelopment of and investment in certain “Brownfield” properties within the Township. Inclusion of Property within this Plan Amendment will facilitate financing of eligible activities at eligible properties and will also provide tax incentives to eligible taxpayers willing to invest in revitalization of eligible sites, commonly referred to as “Brownfields” that are either environmentally contaminated (a “facility”), blighted property, historic resource or deemed functionally obsolete property. By facilitating redevelopment of Brownfield properties, this Plan Amendment, is intended to promote economic growth for the benefit of the residents of the Township and all taxing units located within and benefited by the Authority.

The identification or designation of a developer or proposed use for the Eligible Property that is the subject of this Plan Amendment shall not be integral to the effectiveness or validity of this Plan Amendment. This Plan Amendment is intended to apply to the Eligible Property identified in this Plan Amendment and, if tax increment revenues are proposed to be captured from that Eligible Property, to identify and authorize the eligible activities to be funded by such tax increment revenues. Any change in the proposed developer or proposed use of the Eligible Property shall not necessitate an amendment to this Plan Amendment, affect the application of this Plan Amendment to the Eligible Property, or impair the rights available to the Authority under this Plan Amendment.

This Plan Amendment is intended to be a living document, which may be modified or amended in accordance with the requirements of Act 381, as necessary to achieve the purposes of Act 381. The applicable sections of Act 381 are noted throughout the Plan Amendment for reference purposes.

This Plan Amendment contains information required by Section 13(2) of Act 381.

## **B. Brownfield Plan and Plan Amendment Summary**

This Plan Amendment is the first amendment to the original 2016 Brownfield Plan.

### ***Original 2016 Brownfield Plan Elevation at Okemos Pointe (“Plan”) -***

The Ingham County Brownfield Redevelopment Authority (“County Authority”) approved the Plan on October 14, 2016 followed by approval by Meridian Charter Township Board of Trustees on November 1, 2016 and Ingham County Board of Commissioners adoption of the Plan on December 13, 2016. Plan was estimated as 11-year (2018 through 2028) tax increment revenue capture plan for reimbursement of Eligible Activities and LSRRF deposits. Without amending the Plan, the proposed redevelopment of Phase 1A cannot be completed.

### ***2019 Brownfield Plan Elevation at Okemos Pointe (“Plan Amendment”) -***

This 2019 Plan Amendment will:

- Add a small portion to Eligible Property from a parcel located at 2360 Jolly Road, Tax ID #33-02-02-33-376-010 (see Exhibit A);
- Identify and describe the amended Project;
- Identify new projected taxable value and tax increment revenues because of the proposed amended Project;
- Identify new eligible activity costs and associated contingency, interest, Plan Amendment Preparation, Plan Amendment Implementation for Developer, Authority Administration & Application Fees, and County Authority & Township Authority capture for Local Brownfield Revolving Fund (LBRF) at \$5,898,251, and;
- Extend the Plan’s tax increment revenue capture period an additional 7-years through 2035 (last year of tax capture), making the Plan a 18-year tax increment revenue capture plan.

The Project recognized and planned under this Plan Amendment will result in a total estimated projected taxable value of \$13,223,656 (in Year 2022 upon full Project completion).

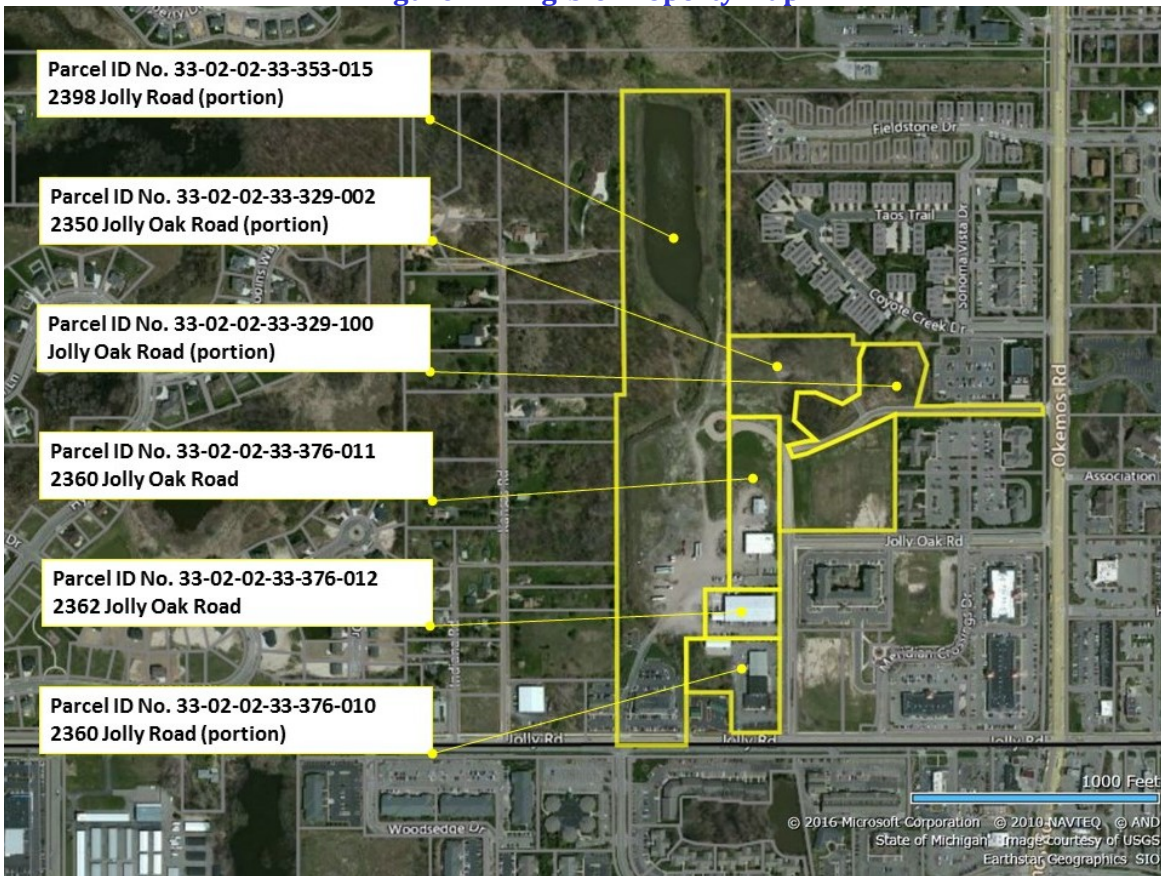

1. DESCRIPTION OF THE ELIGIBLE PROPERTY (SECTION 13(2)(H))

Figure 1 – Scaled Property Location Map

Figure 2 – Eligible Property Map

The Eligible Property ("Property") consists of all or portion of six parcels located northwest of the intersection of Jolly Road and Jolly Oak Road, Okemos, Meridian Township, Ingham County, Michigan. The Property contains approximately 37.38 acres.

The Property is located in an area of the Meridian Charter Township ("Township") that is characterized by commercial, multi-tenant residential, and recreational properties. A county drain is located on the western and central portions of the Property, which leads to a retention pond located in the northern portion, and the Property is abutted by surface roadways, municipal water, sanitary and storm sewer services, electrical and gas utilities to the south.

The Eligible Property parcels are summarized in the below table. See Exhibit A, Legal Descriptions and Eligible Property Boundary Map. Please note that the Eligible Property in the table below identifies four parcels with a portion of that Tax ID number being included as Eligible Property. As such, the Legal Descriptions and Eligible Property Boundary Map in Exhibit A shall govern as the Eligible Property in this Plan Amendment.

Unaddressed parcel on Jolly Oak Road (portion)	33-02-02-33-329-100	Adjacent or Contiguous to Facility Property

The Property consists of six parcels of land. Five of the six parcels are a "facility" as defined by Part 201 of Michigan's Natural Resources and Environmental Protection Act (P.A. 451, as amended). In accordance with Act 381, the other parcel(s) included in this Plan are adjacent or contiguous to the facility-designated properties and are estimated to increase the captured taxable value of the facility-designated parcels. The parcels are located within the boundaries of Meridian Charter Township, Michigan.

As of June 2016 the Property is a Mixed Use Planned Unit Development (MUPUD) that was conditionally zoned Community Service (C-2) Commercial, with a voluntary offer of a condition limiting development to a mixed use planned unit development with restriction of no more than 18 dwelling units per acre as allowed under the density bonus provisions in the mixed use planned unit ordinance. The C-2 zoning district allows for a mixed use planned unit development. Mixture of uses proposed on Property is adequately served by essential public facilities and services, such as police, fire, stormwater drainage, existing roadways, public water, and sanitary sewer. Property was formerly zoned Industrial, Commercial, Residential, Professional and Office and currently contains one industrial/commercial building and a tire storage building. Exterior portions of the Property currently include on the southern portion paved parking and landscaped areas while the eastern and northern portions are grass-covered and wooded land. The central portion of the Property has been recently redeveloped into Phase 1 of the Elevation at Okemos Pointe Project which consists of a commercial/amenity building and 170 market-rate apartments. A county drain is located on the western and central portions of the Property, which leads to a retention pond located in the northern portion.

The Project proposes to redevelop an underutilized property into a contemporary multi-use development through the completion of Phase 1A adding 114 market-rate apartments. The redevelopment integrates design elements, environmental response activities, and economic

development to further goals of the Meridian Charter Township, Ingham County (“IC”), the Michigan Department of Environmental Quality (“MDEQ”) and the Michigan Economic Development Corporation (“MEDC”). It will result in: (1) the community and municipal benefits of increased property taxes on the Property; (2) due care and additional response activities that will address the contamination on the Property, reducing the threat to human health and the environment; and (3) a substantial improvement to the appearance and aesthetics of the Property which will assist in increasing the property values of the neighboring community. The overall redevelopment of this site will include lead and asbestos abatement, building demolition and site demolition of the wide-spread fill and debris found across most of the Property, environmental due care and additional response activities, and redevelopment into a mixed-use development project. The applicant has a strong desire to put this Property back to productive use and drastically improve the aesthetics of the area.

The parcel and all tangible real and personal property located thereon will comprise the Eligible Property and is referred to herein as the “Property.” Incremental tax revenues resulting from new personal property will be captured if available. Any such funds will be used to reimburse the Authority and Developer for eligible activities, to the extent authorized by this Plan, and an executed reimbursement agreement between the Developer and the Authority.

**2. BASIS OF ELIGIBILITY (SECTION 13(2)(H), SECTION 2(P)), SECTION 2(R)**

The Property is considered “eligible property” as defined by Act 381, Section 2 because (a) the Property was previously utilized or is currently utilized for a commercial or industrial purpose; (b) five of the six parcels comprised by the Property have been determined to be a “facility”; (c) includes parcels that are adjacent or contiguous to that Property because the development of the adjacent and contiguous parcels is estimated to increase the captured taxable value of that property; and, (d) the Property is in Meridian Charter Township, which is not a qualified local governmental unit.

Unaddressed parcel on Jolly Oak Road (portion)	33-02-02-33-329-100	Adjacent or Contiguous to Facility Property

Refer to the 2016 Brownfield Plan Exhibit B which includes an overview of the environmental conditions on the Property as it is related to its basis of eligibility and inclusion in the Plan. The added parcel, portion of Tax ID #33-02-02-33-376-010, is eligible to be contained in this Plan Amendment because it is adjacent and contiguous to a “facility” parcel and is a “facility”. As Eligible Property, the Property is eligible for redevelopment incentives from the Authority.

### **3. SUMMARY OF ELIGIBLE ACTIVITIES AND DESCRIPTION OF COSTS (SECTION 13 (2)(A),(B))**

The “eligible activities” that are intended to be carried out at the Property are considered “eligible activities” as defined by Sec 2 of Act 381, because they include Baseline Environmental Assessment (BEA) {Phase I ESA, Phase II ESA, and BEA}, due care activities, additional response activities, lead & asbestos survey and abatement, demolition {site and building}, preparation of Brownfield Plan (including this Amendment), Brownfield Plan implementation, contingency, interest, LBRF capture, and Authority administration & application fees.

A summary of the eligible activities and the estimated cost of each eligible activity intended to be paid for with Tax Increment Revenues from the Property are shown in the following tables (Tables 1a and 1b).

The Eligible Activities projected in this Plan may switch categories if site or environmental conditions change. If conditions change, an eligible activity may fall under a different category (such as an Environmental or Non-Environmental eligible activity) so long as the Plan does not involve the capture of State School Tax Increment Revenue (i.e., an Act 381 Work Plan). Local-only Tax Capture Plans can adjust between Environmental and Non-Environmental activity categories. Furthermore, for the eligible activities identified in the Plan Amendment, the costs of any activities may be adjusted after the date the Plan Amendment is approved by the Authority, so long as the costs do not exceed the combined total of all eligible activity costs (combined Environmental and Non-Environmental costs) plus a pro-rata contingency amount (but excluding the interest amount), to the extent that the adjustments do not violate the terms of any approved documents, such as a Development Reimbursement Agreement, or Public Act 381 of 1996, as amended.

The Developer desires to be reimbursed for the costs of eligible activities. Tax increment revenue generated by the Property will be captured by the Authority and used to reimburse the cost of the eligible activities completed on the Property. Amendments to Act 381 that were signed in to law on December 28, 2012 allow local units of government to approve reimbursement of eligible activities with tax increment revenues attributable to local taxes on any eligible activities conducted on eligible property or prospective eligible properties prior to approval of the Plan (including Plan Amendments), if those costs and the eligible property are subsequently included in an approved Plan or Plan Amendment. In the event that eligible activities are performed prior to Plan or Plan Amendment approval, approved eligible activity costs will be reimbursable in accordance with Act 381.

In accordance with this Plan Amendment and the associated Development Reimbursement Agreement (the “Agreement”) with the Authority, the amount advanced by the Developer will be repaid by the Authority, together with capped interest of \$600,000 yields a resultant simple interest rate of 1.42%, solely from the tax increment revenues realized from the Eligible Property. However, if the actual cost of eligible activities turns out to be lower than the estimates, interest reimbursement may be lower, subject to the 1.42% simple interest calculation.

Tax increment revenues generated by this Project will be governed by the Agreement. No state school tax capture was assumed to reimburse eligible activity costs in this Plan Amendment. The eligible activities identified in the Plan Amendment are as a local-only tax capture cost by the Authority, together with the interest rate provided above.

The costs listed in the tables are estimated costs and may increase or decrease depending on the nature and extent of the actual conditions encountered on the Property. The actual cost of those eligible activities encompassed by this Plan Amendment that will qualify for reimbursement from tax increment revenues of the Authority from the Property shall be governed by the terms of the Agreement. No costs of eligible activities will be qualified for reimbursement except to the extent permitted in accordance with the terms and conditions of the Agreement.

Total eligible activity costs identified shall not exceed \$5,898,251. All costs will be reimbursable costs with captured local-only tax increment revenues from locally levied millages, if available.

#### **4. CAPTURED TAXABLE VALUE AND TAX INCREMENT REVENUES (SECTION 13(2)(C),(F))**

This Plan Amendment anticipates the capture of tax increment revenues to reimburse the Developer for the costs of eligible activities under this Plan Amendment in accordance with the Brownfield Reimbursement Agreement. The initial taxable value of the Property shall be determined by the use of tax year 2016 tax values with the exception of the newly added portion of parcel Tax ID #33-02-02-33-376-010 which shall be tax year 2019. Tax increment revenue is currently being generated under the Plan and will continue with this Plan Amendment on all Property. Estimates project that the Authority is expected to capture the tax increment revenues through 2035 which will be generated by the increase in taxable value. The following table provides a summary of the captured incremental taxable values and tax increment revenues captured which it will provide after completion of all redevelopment project in the Plan and this Plan Amendment. In addition, detailed tables of estimated tax increment revenues to be captured is attached to this Plan Amendment as Exhibit B, Table 4 - Tax Increment Financing Estimates.

The captured incremental taxable value and associated tax increment revenue will be based on the actual increased taxable value from all taxable improvements (both real and personal property) on the Property set through the property assessment process by the local unit of government and equalized by the County(s). The actual increased taxable value of the land and all future taxable improvements on the Property may vary. Furthermore, the amount of tax increment revenue available under this Plan Amendment will be based on the actual millage levied annually by each taxing jurisdiction on the increase in tax value resulting from the redevelopment projects that are eligible and approved for capture.

## **5. METHOD OF BROWNFIELD PLAN FINANCING (SECTION 13(2)(D))**

Eligible activities are to be financed by the Developer. The Developer, County Authority and Township Authority will be reimbursed for eligible costs as listed in Tables 1a and 1b above. So long as there are available revenues, the current estimated amount of capture will be used to reimburse:

- Developer for costs in this Plan Amendment at \$5,299,758.
- Ingham County Authority/BRA Local Brownfield Revolving Fund (LBRF) at \$86,344 so long as there are available revenues.
- Meridian Township Authority/BRA Local Brownfield Revolving Fund (LBRF) at \$213,080 so long as there are available revenues.
- Meridian Township Authority/BRA Administration at \$299,070 so long as there are available revenues.

All reimbursements authorized under this Plan Amendment shall be governed by the Agreement. The Authority shall not incur any note or bonded indebtedness to finance the purposes of this Plan Amendment. The inclusion of eligible activities and estimates of costs to be reimbursed in this Plan Amendment is intended to authorize the Authority to fund such reimbursements and does not obligate the Authority or the Township to fund any reimbursement or to enter into the Agreement providing for the reimbursement of any costs for which tax increment revenues may be captured under this Plan Amendment, or which are permitted to be reimbursed under this Plan Amendment. The amount and source of any tax increment revenues that will be used for purposes authorized by this Plan Amendment, and the terms and conditions for such use and upon any reimbursement of the expenses permitted by the Plan Amendment, will be provided solely under the Agreement contemplated by this Plan Amendment.

## **6. AMOUNT OF NOTE OR BONDED INDEBTEDNESS INCURRED (SECTION 13(2)(E))**

The Authority will not incur a note or bonded indebtedness for this Brownfield project under this Plan Amendment.

## **7. DURATION OF THE BROWNFIELD PLAN AND EFFECTIVE DATE (SECTION 13(2)(F))**

Subject to Section 13b(16) of Act 381, the date of tax capture shall commence no earlier than 2018 or the immediate following year—as increment revenue becomes available, but the beginning date of tax increment revenues capture shall not exceed five years beyond the date of the governing body resolution approving the Plan. In no event shall this Plan extend beyond the maximum term allowed by Section 13(2)(f) of Act 381 for the duration of this Plan. Total estimated Plan capture duration for reimbursement of Eligible Activities, Brownfield Plan Preparation costs, Brownfield Plan Implementation Fees, Authority Administration & Application Fees, and LBRF capture is estimated at 18 years (2018-2035).

Furthermore, this Plan Amendment, or any subsequent amendment thereto, may be abolished or terminated in accordance with Section 14(8) of Act 381 in the event of any of the following:

- a. The governing body may abolish this Plan Amendment (or any subsequent amendment thereto) when it finds that the purposes for which this Plan Amendment was established have been accomplished.
- b. The governing body may terminate this Plan Amendment (or any subsequent amendment thereto) if the Project for which eligible activities were identified in this Plan Amendment (or

any subsequent amendment thereto) fails to occur with respect to the Eligible Property for at least five (5) years following the date of the governing body resolution approving this Plan Amendment (or any subsequent amendment thereto), provided that the governing body first does both of the following: (i) gives 30 days' written notice to the Developer at its last known address by certified mail or other method that documents proof of delivery attempted; and (ii) provides the Developer with an opportunity to be heard at a public meeting.

Notwithstanding anything in this subsection to the contrary, this Plan Amendment (or any subsequent amendment thereto) shall not be abolished or terminated until the principal and interest on all obligations to which the tax increment revenues are pledged have been paid or funds sufficient to make the payment have been identified or segregated.

## 8. ESTIMATED IMPACT ON TAXING JURISDICTIONS (SECTION 13(2)(G))

The following table presents a summary of the remaining impact to taxing jurisdictions, over the next 18-years, if the redevelopment Project identified in this Plan Amendment is completed, together with prior completed investments to the Property.

The impact to each individual taxing jurisdiction may be as much as their proportionate share of \$5,898,251. Table 1a identifies the total amount required for the project's eligible activities so long as there are sufficient revenues available to capture. Additional information related to the impact of tax increment financing on the various taxing jurisdictions is presented Exhibit B, Table 4.

#### **9. DISPLACEMENT OF PERSONS (SECTION 13(2)(I-L))**

At the time of this Plan Amendment the Property remaining to be redeveloped is vacant and there are no persons or businesses residing on that portion of the Property. Phase 1 of the redevelopment is complete and is occupied by residences and commercial operations owned by the Developer. The Developer will not displace or relocate any of the residences or businesses. Additionally, there are no residences or businesses that will be acquired to be cleared; therefore, there will be no displacement or relocation of persons or businesses under this Plan Amendment.

#### **10. LOCAL BROWNFIELD REVOLVING FUND (SECTION 8)**

The County Authority has established an LSRRF (now called LBRF) and the Township Authority has established an LBRF. If the redevelopment Project is completed and all eligible activities are incurred as summarized in Table 1a, the Authority anticipates capturing incremental local taxes to fund the County Authority LBRF up to \$86,344 and the Township Authority LBRF up to \$213,080, to the extent allowed by law. See Table 4d for LBRF distribution. The funds will be used in a manner consistent with the requirements of Act 381 of 1996, as amended ("the Act").

#### **11. STATE BROWNFIELD REDEVELOPMENT FUND (SECTION 8A)**

The Authority shall not pay to the Department of Treasury any millages captured under this Plan Amendment for the State of Michigan Brownfield Redevelopment Fund (MBRF).

#### **12. OTHER INFORMATION (SECTION 13(2)(M))**

The Authority and the Township, in accordance with the Act, may amend this Plan Amendment in the future in order to fund additional eligible activities, if needed.

**Notes:**

All Future Taxable Values (FTV)/Future Assessed Values (FAV) are estimates only; the actual FTV/FAV may be higher or lower than estimated, and must be determined upon project completion by the governing body's Assessing personnel. FTV/FAV per square foot and/or per room/unit for both new construction and renovations may vary widely depending on the quality, quantity, type of improvements, and the property's location. Additionally, for any renovations (if applicable), the FTV/FAV depends on whether improvements are assessed as "new improvements" or just "replacement/repair," as determined by Assessing personnel. Until improvements are completed and assessed, it is only possible to estimate the FTV/FAV based on various assumptions.

The Brownfield Plan will also capture all Personal Property taxes allowed for tax capture. The estimates of Future Taxable Value and Tax Incremental Revenues exclude any estimate of the value of Personal Property because the actual values of Personal Property and any associated property taxes generated are difficult to estimate due to the following: (a) uncertainty regarding the amount, value and type of Personal Property to be included in the project; (b) different depreciation rates applying to the various categories of Personal Property, such as Furniture and Fixtures, Office and Electronic Equipment, Machinery and Equipment, Computer Equipment, etc; and (c) Personal Property being exempt from taxes if its True Cash Value (after depreciation) is less than \$80,000 and the proper forms are submitted to the local unit of government (pursuant to Michigan Public Act 153 of 2013, as amended). No Personal Property is included in the Plan's Base Year/Initial Taxable Value.

**Notes:**

<sup>1</sup> Unless amended by the local unit of government, the Plan is anticipated to remain in effect until all approved activities in the Plan are reimbursed, or the 30-year tax capture period ends.

Under the Brownfield Redevelopment Financing Act, the combined maximum total allocation to the LBRFs is the lesser of: 1. The total amount of tax increment capture to be generated over a five (5) year period at the end of the Brownfield Plan (BP) after all Eligible Activities (EAs) have been reimbursed; 2. The excess local tax increment capture shall not exceed the total cost of EAs approved in the BP. Allocations may also be made during BP tax capture, subject to the above.

The "Year of Tax Capture" indicates the year that any allowed tax increment will be captured by the Brownfield Plan, but not necessarily distributed as Reimbursement Payments; generally, Reimbursement Payments for Eligible Activities, Bonds, etc., will be distributed in the following year, but the specific terms and conditions of reimbursement will be subject to a Development Reimbursement Agreement with the local unit of government.
