## Meridian Township Police Investigate Shots Fired at Knob Hill Apartments

*Shots were fired into an unoccupied vehicle in the parking lot*

**MERIDIAN TOWNSHIP, MI** —The Meridian Township Police Department responded to a report of shots fired at the Knob Hill Apartment Complex on Saturday, April 22, 2023 at approximately 5:45 pm. A caller reported two subjects had fired two rounds into the side of his vehicle. The vehicle was unoccupied at the time of the shooting. The suspects fled the scene prior to officers arriving on scene. Through the investigation, it appears the suspects and the victim are acquainted with one another and the incident does not appear to be random. No one was injured during this incident and no arrests have been made at this time.

The suspects are described as follows:

Suspect #1: Dark skinned black male approximately 6'0" tall with a thin build. The suspect was last seen wearing a grey hoodie, grey sweatpants, and a black face covering. The victim believed the suspect to be in his late teens.

Suspect #2: Dark skinned black male approximately 5'7" tall with a thin build. The suspect was last seen wearing a light colored hoodie and a face covering. The victim believes the suspect to be in his late teens.

This investigation is ongoing. Anyone who has information regarding this incident are encouraged to contact Investigator Becky Payne at 517-853-4800, by email at [payne@meridian.mi.us](mailto:payne@meridian.mi.us), or submit an anonymous tip through the Department's social media sites.

**Meridian Township Announces 3rd Annual Freedom Fest Honoring Juneteenth**  
*Multi-event Celebration to Engage and Educate the Community*

**Meridian Township, MI** – A multi-event celebration has been planned to honor Juneteenth in Meridian Township. Community members are encouraged to participate in one or all of the events to help bring awareness to the historical day.

June 19, 1865 marked the moment when the last of America's enslaved population learned of their freedom two and a half years after they were legally emancipated. Juneteenth honors the end to slavery in the United States and is considered the longest-running African American holiday.

In 2021, Township officials held a Meridian Business Freedom Fest for an inaugural Juneteenth Community Celebration. This year, the activities have been expanded to continue engaging and educating the Meridian Township community. Events were planned by the Juneteenth for Meridian Committee, a volunteer group of community members that desire to host Juneteenth and other cultural events throughout Meridian Township.

The 2023 Juneteenth Freedom Fest Celebration will include the following:

**Free Movie Screening – “The Wiz”**

- Friday, June 9 at 9:00 pm
- Meridian Historical Village (5151 Marsh Rd., Okemos)

Attend a free movie screening of “The Wiz”. This 1978 film is a reimaging of L. Frank Baum's classic 1900 children's novel, *The Wonderful Wizard of Oz*. Community members are encouraged to dress as a favorite character from the movie and possibly win a prize.

**Free Movie Screening – “Queen of Katwe”**

- Friday, June 16 at 9:00 pm
- Meridian Historical Village (5151 Marsh Road)

This week's free movie screening features the 2016 film, "Queen of Katwe". This biographical drama centers on Katwe, a young girl from Uganda who is granted the chance of a lifetime by learning how to play chess. Participants are encouraged to bring chess sets and play a few rounds prior to the start of the movie.

**Blues & Jazz Festival**

- Saturday, June 17 at 1:00 pm
- Lake Lansing Park South (1621 Pike Street)

Enjoy a day of live music, dancing, food & beverages, yard games, small business vendors and more.

### **A Spiritual Historical Review**

- Sunday, June 18 at 1:00 pm
- Meridian Historical Village Chapel (5151 Marsh Road)

Hear from Pastor Marvin Williams of Trinity Church of Lansing, a Haslett resident teaching the community at large how spirituality led to the construction of modern Black excellence. Pastor Williams may also give an overview of how spirituality has been used as a mechanism to divide the community. In support of the traditional "Sunday Service" and recognizing the diverse faiths of the community, the intent of this historical review is to demonstrate how tradition can work to the advantage of a community to support its advancement. Attendees are invited to wear their "Sunday Best" clothes, with gloves, shoes and hats that give a nod to Black culture with respect to religion and how you should present yourself in a reverent space. Food and drinks will be served as "Sunday Dinner" after the hour presentation. Dinner will be served at the Marketplace on the Green pavilion (1995 Central Park Drive).

For sponsorship opportunities, contact the Township's Neighborhoods & Economic Development Director Amber Clark at [clark@meridian.mi.us](mailto:clark@meridian.mi.us) or 517.853.4568.

Township offices will also be closed on Monday, June 19 in recognition of the Juneteenth Federal and State holiday. For additional information, visit the Township website at [www.meridian.mi.us/juneteenth](http://www.meridian.mi.us/juneteenth).

## **POLICY**

Effective Date: 4/13/23

Authored by: Director of Engineering

Revision Date: N/A

### **ROAD CUT MORATORIUM**

Utilities provide essential services that improve the quality of life for Ingham County residents as well as support businesses and residential development. Utility infrastructure needs to serve new customers as well as be maintained in a state of good repair. Road cuts are sometimes necessary to continue to provide these essential services across Ingham County. Although they are sometimes necessary, roads cuts that occur shortly after a road is paved or are poorly restored can cause a rough ride and require more frequent repair, leading to increased future maintenance costs and reduced pavement life expectancy. This burden is ultimately borne by the Road Department and the motoring public.

Therefore, it shall be the policy of the Road Department to require that road cuts on primary roads in Ingham County adhere to a moratorium based upon the date of construction, reconstruction, rehabilitation, or preservation activity except in cases of an emergency. An emergency is defined as an event that constitutes a potential danger to life, public safety, or health and/or involves the unplanned interruption of electric, natural gas, sewer, or water service.

All road cuts shall conform to the requirements of the Road Department's *Supplementary Permit Specifications for Utility Installations* document, except as noted below.

Constructed or Reconstructed Roads – Road cuts shall be prohibited on any constructed or reconstructed road for a period of 5 years after construction. Reconstruction includes but is not limited to full-depth reclamation and in-place recycling. If a road cut is necessary for an emergency, the pavement shall be saw cut parallel and perpendicular to the centerline of the road in full lane width increments. All saw cut joints shall be sealed by infrared heating. The longitudinal limits of the road cut will be determined at the sole discretion of the Road Department.

Rehabilitated or Preserved Roads- Road cuts shall be prohibited on any rehabilitated roads or roads receiving a pavement preservation treatment for a period of 3 years after the rehabilitation or preservation activity is completed. Rehabilitation includes but is not limited to overlays and mill and overlay. Preservation activities include but are not limited to chip seal, fog seal, micro surfacing, slurry seal, and diamond grinding. The road cut moratorium shall not apply to roads that have received crack sealing as a stand-alone preservation activity.

Any request for a waiver of the Road Cut Moratorium must be made in writing to the Director of Engineering at the Road Department. The decision to approve or deny the waiver request will be at the sole discretion of the Road Department.

Hi Ms. Yeomans,

Thank you again for contacting us and for your patience as we worked through the insurance claim process. We were able to confirm that the cause of the sewer backup was due to tree roots in the sewer main, not in your lateral. The Township will reimburse you for your costs. You should receive a payment in the mail in the next 3-4 weeks.

Please let me know if you have any questions.

Mr. Opsommer and Meridian Township Board

For the past 13 months my husband and I have been trying to contact Meridian Township on numerous occasions by phone, email and in-person to resolve a sewer backup issue. We were contacted today by the Township's Insurance adjuster and informed that the Township is not liable and we will not be receiving any reimbursement for our costs. This entire experience has been handled very unprofessionally by the Meridian Township staff. Based upon comments from the plumber and the Meridian Township Truck Operators on March 9, 2022, this blockage was 100% Township infrastructure problems and we should not be held responsible for the \$841.50 plumbing costs we incurred as a result of the sewage backup in our home.

We would like the Township to acknowledge their part in this issue and act in good faith by reimbursing us for these unnecessary expenses or credit this amount on our water or tax bill. We would be happy to speak further with any Board Members regarding this claim.

Sincerely,

Jamie Yeomans and Dr. Rob Stephenson

Hello Mr. Opsommer,

My wife recently spoke to you in December about a sewer backup in our home in March of 2022. We attempted to get reimbursement/credit from the township as a result, but was never contacted back by Mr. Perry. Below is the original email that we sent, which I've included per your request.

Thank you,

Good afternoon Mr. Perry,

We recently experienced a Meridian Township sewer backup that entered our home at 4125 Wabaningo Road, Okemos, MI on Wednesday, March 9, 2022. We hired Hedlund Plumbing to address the issue and after some time they found that the backup was not related to our home, but a blockage in the street sewer. We informed Meridian Township Utilities who came to our street for three consecutive days to address the issue. Because our house was closest to the city blockage, the infiltration only affected our house. Your team told me that if it had not been caught when we did, much of the neighborhood would have had sewage in their basements within several hours.

We, of course were billed by Hedlund Plumbing. However, because this was not an issue in my home sewer line, we feel that we should be credited by the Township for our expenses. In addition to the plumbing costs, we had the added time and personal expense to clean up after the sewage backup. The total cost for the plumbing service and clean up expenses was \$900, which I would like credited to our account.

Please let me know what additional information you need and who else should be informed to rectify the situation.

Sincerely,  
Dr. Robert L. Stephenson

**Subject:** RE: Sewer back up Reimbursement

**Date:** March 20, 2022 at 2:18:33 PM EDT

**To:** [dpw@meridian.mi.us](mailto:dpw@meridian.mi.us)

Good afternoon Mr. Perry,

We recently experienced a Meridian Township sewer backup that entered our home at 4125 Wabaningo Road, Okemos, MI on Wednesday, March 9, 2022. We hired Hedlund Plumbing to address the issue and after some time they found that the backup was not related to our home, but a blockage in the street sewer. We informed Meridian Township Utilities who came to our street for three consecutive days to address the issue. Because our house was closest to the city blockage, the infiltration only affected our house. Your team told me that if it had not been caught when we did, much of the neighborhood would have had sewage in their basements within several hours.

We, of course were billed by Hedlund Plumbing. However, because this was not an issue in my home sewer line, we feel that we should be credited by the Township for our expenses. In addition to the plumbing costs, we had the added time and personal expense to clean up after the sewage backup. The total cost for the plumbing service and clean up expenses was \$900, which I would like credited to our account.

Please let me know what additional information you need and who else should be informed to rectify the situation.

Sincerely,  
Dr. Robert L. Stephenson

**Meridian Township Announces 3rd Annual Freedom Fest Honoring Juneteenth**  
*Multi-event Celebration to Engage and Educate the Community*

**Meridian Township, MI** – A multi-event celebration has been planned to honor Juneteenth in Meridian Township. Community members are encouraged to participate in one or all of the events to help bring awareness to the historical day.

June 19, 1865 marked the moment when the last of America's enslaved population learned of their freedom two and a half years after they were legally emancipated. Juneteenth honors the end to slavery in the United States and is considered the longest-running African American holiday.

In 2021, Township officials held a Meridian Business Freedom Fest for an inaugural Juneteenth Community Celebration. This year, the activities have been expanded to continue engaging and educating the Meridian Township community. Events were planned by the Juneteenth for Meridian Committee, a volunteer group of community members that desire to host Juneteenth and other cultural events throughout Meridian Township.

The 2023 Juneteenth Freedom Fest Celebration will include the following:

**Free Movie Screening – “The Wiz”**

- Friday, June 9 at 9:00 pm
- Meridian Historical Village (5151 Marsh Rd., Okemos)

Attend a free movie screening of “The Wiz”. This 1978 film is a reimaging of L. Frank Baum's classic 1900 children's novel, *The Wonderful Wizard of Oz*. Community members are encouraged to dress as a favorite character from the movie and possibly win a prize.

**Free Movie Screening – “Queen of Katwe”**

- Friday, June 16 at 9:00 pm
- Meridian Historical Village (5151 Marsh Road)

This week's free movie screening features the 2016 film, "Queen of Katwe". This biographical drama centers on Katwe, a young girl from Uganda who is granted the chance of a lifetime by learning how to play chess. Participants are encouraged to bring chess sets and play a few rounds prior to the start of the movie.

**Blues & Jazz Festival**

- Saturday, June 17 at 1:00 pm
- Lake Lansing Park South (1621 Pike Street)

Enjoy a day of live music, dancing, food & beverages, yard games, small business vendors and more.

### **A Spiritual Historical Review**

- Sunday, June 18 at 1:00 pm
- Meridian Historical Village Chapel (5151 Marsh Road)

Hear from Pastor Marvin Williams of Trinity Church of Lansing, a Haslett resident teaching the community at large how spirituality led to the construction of modern Black excellence. Pastor Williams may also give an overview of how spirituality has been used as a mechanism to divide the community. In support of the traditional "Sunday Service" and recognizing the diverse faiths of the community, the intent of this historical review is to demonstrate how tradition can work to the advantage of a community to support its advancement. Attendees are invited to wear their "Sunday Best" clothes, with gloves, shoes and hats that give a nod to Black culture with respect to religion and how you should present yourself in a reverent space. Food and drinks will be served as "Sunday Dinner" after the hour presentation. Dinner will be served at the Marketplace on the Green pavilion (1995 Central Park Drive).

For sponsorship opportunities, contact the Township's Neighborhoods & Economic Development Director Amber Clark at [clark@meridian.mi.us](mailto:clark@meridian.mi.us) or 517.853.4568.

Township offices will also be closed on Monday, June 19 in recognition of the Juneteenth Federal and State holiday. For additional information, visit the Township website at [www.meridian.mi.us/juneteenth](http://www.meridian.mi.us/juneteenth).

## **POLICY**

Effective Date: 4/13/23

Authored by: Director of Engineering

Revision Date: N/A

### **ROAD CUT MORATORIUM**

Utilities provide essential services that improve the quality of life for Ingham County residents as well as support businesses and residential development. Utility infrastructure needs to serve new customers as well as be maintained in a state of good repair. Road cuts are sometimes necessary to continue to provide these essential services across Ingham County. Although they are sometimes necessary, roads cuts that occur shortly after a road is paved or are poorly restored can cause a rough ride and require more frequent repair, leading to increased future maintenance costs and reduced pavement life expectancy. This burden is ultimately borne by the Road Department and the motoring public.

Therefore, it shall be the policy of the Road Department to require that road cuts on primary roads in Ingham County adhere to a moratorium based upon the date of construction, reconstruction, rehabilitation, or preservation activity except in cases of an emergency. An emergency is defined as an event that constitutes a potential danger to life, public safety, or health and/or involves the unplanned interruption of electric, natural gas, sewer, or water service.

All road cuts shall conform to the requirements of the Road Department's *Supplementary Permit Specifications for Utility Installations* document, except as noted below.

Constructed or Reconstructed Roads – Road cuts shall be prohibited on any constructed or reconstructed road for a period of 5 years after construction. Reconstruction includes but is not limited to full-depth reclamation and in-place recycling. If a road cut is necessary for an emergency, the pavement shall be saw cut parallel and perpendicular to the centerline of the road in full lane width increments. All saw cut joints shall be sealed by infrared heating. The longitudinal limits of the road cut will be determined at the sole discretion of the Road Department.

Rehabilitated or Preserved Roads- Road cuts shall be prohibited on any rehabilitated roads or roads receiving a pavement preservation treatment for a period of 3 years after the rehabilitation or preservation activity is completed. Rehabilitation includes but is not limited to overlays and mill and overlay. Preservation activities include but are not limited to chip seal, fog seal, micro surfacing, slurry seal, and diamond grinding. The road cut moratorium shall not apply to roads that have received crack sealing as a stand-alone preservation activity.

Any request for a waiver of the Road Cut Moratorium must be made in writing to the Director of Engineering at the Road Department. The decision to approve or deny the waiver request will be at the sole discretion of the Road Department.

Hello Board-

I think this photo sums it up- The Township has been “sold”.

Powell Road, just the latest domino to fall, to sprawl that is not within walking or biking distance to anything...no school to walk to...yet you keep on.

The new “Master Plan”, is an opportunity to stop this, while there is something left worth preserving. I have no doubt this cancer will continue to spread, with this Boards blessings.

Sincerely,

Charles Kotz

Treasurer Deschaine asked if a separate officer would run the D.A.R.E. program.

Plaga replied the current D.A.R.E. officer has accepted this station should it be created.

Trustee Hendrickson asked about safety and conditions and asked if there is a reciprocal requirement with the School Resource Officer.

Chief Plaga replied that he has a great relationship with both superintendents in the township and the officers already have some training in this area.

Trustee Hendrickson noted this agreement could be terminated given three-month notice. He asked what would happen to the officer if the school terminated the agreement.

Chief Plaga replied that he has plenty of options to place an additional officer.

Trustee Hendrickson asked if the Haslett School Board has approved this agreement on their end.

Plaga replied they have.

Trustee Sundland spoke in support of this item and in support of increased police presence in the schools.

Clerk Guthrie asked if there is already a part time officer on location.

Plaga replied there is a liaison, but he is not full time. This would increase the roll of the liaison.

Clerk Guthrie asked if the School Resource Officer would be brought fully into the department should the agreement be nullified.

Plaga replied that is correct and he would keep the person in the school district if the agreement continues.

Trustee Wisinski spoke in support of this item.

#### B. Meeting Facilitation Training

Manager Walsh outlined meeting facilitation training for discussion.

Clerk Guthrie explained she and Deputy Clerk Lemaster had been working on some training for boards and commissions. She also noted that Cindy Dodge from Michigan Township Association is an excellent trainer.

Trustee Wisinski explained that she has been on a number of boards and commissions and noted some boards are less strict than others.

Clerk Guthrie noted that board and commission training is lacking in this township.

Manager Walsh mentioned that all boards and commission members should be a part of this training.

Trustee Hendrickson brought up the possibility of a recorded session to save on costs.

Treasurer Deschaine suggested training staff that support boards and commissions as well.

#### C. Resolution to Support Anonymous Gun Drop Off Resolution

Trustee Hendrickson outlined the resolution to support anonymous gun drop off for discussion.

Chief Plaga explained if you have gun and/or ammunition you do not want, contact the Meridian Police Department and you may come in and drop it off. You may do so anonymously.

Trustee Sundland asked if the firearm would be destroyed even if it was in good shape.

Chief Plaga replied it would.

Trustee Wisinski asked how the program is kept anonymous.

Chief Plaga replied you can make an appointment and an officer would meet you at your car no questions asked.

Clerk Guthrie asked how long this program has existed.

Chief Plaga replied he has worked here for 28 years so at least that long.

Trustee Hendrickson noted that info on this program will be available at the Health and Safety Expo.

Supervisor Jackson asked if gun locks will be available at the May 10<sup>th</sup> health and safety expo.

Chief Plaga replied they will, and there are gun locks available at all times in the police department.

Trustee Hendrickson spoke about National Gun Violence Awareness Day.

**Re: Fireworks Display Permit – Celebrate Meridian**

---

The Meridian Township Parks and Recreation Department is organizing the annual Celebrate Meridian event on Saturday, June 24, 2023. The finale of the event will be fireworks at Central Park South. The fireworks display is planned to begin at approximately 10:20 p.m. (weather permitting).

According to state law, Township Board approval is required to grant permits for fireworks display and storage. Night Magic Displays has performed the Township fireworks display for the past 24 years and has a great working relationship with our Fire Department.

The following motion is prepared for Board consideration:

**MOVE TO APPROVE THE FIREWORKS PERMIT FOR CELEBRATE MERIDIAN FESTIVAL ON SATURDAY, JUNE 24, 2023, BY PYROTECHNIC OPERATOR NIGHT MAGIC DISPLAYS.**

**Attachment:**

**Re: Ratification of New Police Officer Appointments**

---

The Township has presented a conditional offer of employment to two qualified police officer candidates. The prospective hiring will bring the staffing level of the police department to 36 sworn personnel.

Alex Stachura graduated from Howell High School and attended Lansing Community College and Eastern Michigan University. He is licensed Emergency Medical Technician through the State of Michigan.

Steven Sloan earned a Bachelor's Degree from American Public University. He has received three Navy/Marine Corps Commendation Medals for superior leadership, initiative, and individual performance.

A motion is prepared for Board consideration:

**MOVE TO RATIFY THE APPOINTMENTS OF ALEX STACHURA AND STEVEN SLOAN TO THE POSITION OF POLICE OFFICERS CONTINGENT UPON SUCCESSFUL COMPLETION OF THOSE ITEMS STIPULATED IN THE CONDITIONAL OFFER OF EMPLOYMENT.**

**Re:** Ordinance 23-04 – Worful – Rezone the property at 5677 Cade Street, from PO, Professional Office, to RB, One-Family High Density Residential

---

The Township Board approved Ordinance 2023-04 for introduction at its last regular meeting on April 25, 2023. At that meeting, the Township Board raised no major concerns about the proposal. The proposed ordinance was published, as directed by the Board, in advance of a final decision being made on the request.

Rezoning 23-04 is a Township initiated ordinance that would rezone the property at 5677 Cade Street from PO, Professional Office, to RB, One-Family High Density Residential. The surrounding neighborhood is zoned RB and the property is considered nonconforming under its current zoning. The Planning Commission held a public hearing for the rezoning at its March 13, 2023 regular meeting and voted to recommend approval at their March 27, 2023 meeting. No major concerns were raised during the discussion of the request. The Township Board discussed the matter at their April 4, 2023 and April 25, 2023 meetings and were generally supportive of the request.

Staff **recommends approval** of the proposed ordinance at this time to rezone the property to be in conformance with its current use, which will allow the homeowner to make modifications more easily to their existing home. Staff has provided the following recommended motion and attached resolution to finalize adoption of the ordinance.

**Move to adopt the resolution approving Ordinance 2023-04, an ordinance to rezone the property at 5677 Cade Street (Parcel ID number 33-02-02-11-304-031) from PO, Professional Office, to RB, One-Family High Density Residential.**

**RESOLUTION**

At a regular meeting of the Township Board of the Charter Township of Meridian, Ingham County, Michigan, held at the Meridian Municipal Building, in said Township on the 2<sup>nd</sup> day of May, 2023 at 6:00 p.m., Local Time.

PRESENT: \_\_\_\_\_  
\_\_\_\_\_

ABSENT: \_\_\_\_\_

The following resolution was offered by \_\_\_\_\_ and supported by \_\_\_\_\_.

WHEREAS, the owner of the property, Jessica Worful, approached Staff about adding onto the existing house at 5677 Cade Street; and

WHEREAS, the property is currently zoned PO, Professional Office, which does not allow the house to be expanded; and

WHEREAS, the Planning Commission directed Staff to begin the process of rezoning the property to allow residential use; and

WHEREAS, the Planning Commission held a public hearing and discussed at its regular meeting on March 13, 2023, and made a positive recommendation to the Township Board on the change at their March 27, 2023 meeting; and

WHEREAS, the Township Board discussed the proposed rezoning at its meeting on April 4, 2023, April 25<sup>th</sup>, and May 2<sup>nd</sup>, and has reviewed the staff and Planning Commission materials provided; and

WHEREAS, the rezoning would bring the property into compliance with the current use and allow the owner to make improvements to the property; and

NOW THEREFORE, BE IT RESOLVED THE TOWNSHIP BOARD OF THE CHARTER TOWNSHIP OF MERIDIAN hereby ADOPTS Ordinance Number 2023-04, entitled "Ordinance Amending the Zoning District Map of Meridian Township pursuant to Rezoning Application #23006" rezoning the property at 5677 Cade Street from PO, Professional Office, to RB, One-Family High Density Residential.

BE IT FURTHER RESOLVED that the Clerk of the Charter Township of Meridian is directed to publish the Ordinance in the form in which it was adopted.

**ORDINANCE AMENDING THE ZONING DISTRICT MAP**  
**OF MERIDIAN TOWNSHIP**  
**PURSUANT TO REZONING #23-06**

The Charter Township of Meridian ordains:

Section 1. Amending the Zoning District Map.

A. The Zoning District Map of Meridian Township, as adopted in Section 86-312 of the Code of the Charter Township of Meridian, Michigan, as previously amended, is hereby amended by changing the PO, Professional and Office District symbol and indication as shown on the Zoning District Map, for Parcel #33-02-02-11-304-031, legally described as:

Lot 29 of the Supervisor's Plat of Haslett

to that of RB, Single-Family Residential.

Section 2. Validity and Severability. The provisions of this Ordinance are severable and the invalidity of any phrase, clause or part of this Ordinance shall not affect the validity or effectiveness of the remainder of the Ordinance.

Section 3. Repealer Clause. All ordinances or parts of ordinances in conflict therewith are hereby repealed only to the extent necessary to give this Ordinance full force and effect.

Section 4. Savings Clause. This Ordinance does not affect rights and duties matured, penalties that were incurred, and proceedings that were begun, before its effective date.

Section 5. Effective Date. This Ordinance shall be effective seven (7) days after its publication or upon such later date as may be required under Section 402 of the Michigan Zoning Enabling Act (MCL 125.3402) after filing of a notice of intent to file a petition for a referendum.

**Re:** Federal Policies and Procedures Manual Update

---

In December 2022, the Township Board approved the Federal Policies and Procedures Manual to comply with the Uniform Guidance. Uniform Guidance (2 CFR 200) requires that all entities accepting federal funding must have minimum written policies and procedures about how internal controls and processes will be conducted over federal awards.

Uniform Guidance (2 CFR 200) is a government-wide framework for grants management and provides an authoritative set of rules and requirements for federal awards. This framework establishes uniform administrative requirements, cost principles, and audit requirements for federal awards to non-federal entities.

The Township is currently undergoing our 2022 annual financial audit. The auditors have reviewed the Township's Federal Policies and Procedures Manual against the most recent federal guidelines. They have suggested adding a sentence to the Procurement section on page 8 of the Manual to provide direction on "avoiding acquisition of unnecessary or duplicative items."

Payroll and Timekeeping**

The following provisions apply to the payment of employees and recording of time and effort (as required) in accordance with Federal Cost Principles.

**Procedures**

The following procedures will be applied, to the extent that they do not conflict with or contradict other Board policies:

1. Hourly employees shall submit a timesheet for each pay period, with the following information:
  - a. The total number of hours actually worked each day
  - b. The use of any holiday, personal, vacation, sick, or other approved time off with pay
  - c. The total number of hours to be paid
  - d. An allocation of those hours to each program or department for which work was performed, when necessary
  - e. The dated signature of their supervisor

The allocation of hours between programs or departments should be based exclusively on the predetermined allocation schedules.

In the event that an after-the-fact correction is necessary to an employee's timesheet due to errors in the allocation of time worked, such corrections must be submitted to the Human Resources Department, and approved in writing by their supervisor.

2. Salaried employees charged to a federal grant will document time and effort according to one of the following methods. The method used by employee shall be pre-approved by the Department Head. If the employee's time is expensed based on budgetary data, an adjustment shall be made at least quarterly to agree the general ledger to the documentation.
  - a. The employee may document time and effort using a timesheet as described above. Timesheets must account for the total activity for which the employee is compensated, and be signed by the employee. It will not be acceptable for timesheets to include the hours worked on Federal grants only.
  - b. Budgets and calendars/daily planners will not be deemed allowable documentation to support personnel costs and therefore will not be accepted by the Human Resources Department.
  - c. It is the responsibility of the employee being charged to a federal award(s) to clarify documentation requirements with the Department Head and provide appropriate documentation to the Human Resources Department as it becomes available. The employee should retain a copy of the documentation for their personal records.

The requirements for allowable costs/cost principles are contained in Uniform Guidance 2 CFR 200, program legislation, Federal awarding agency regulations, and the terms and conditions of the award.

**Board Policies**

The following policies have been separately reviewed and approved by the Township Board, and are incorporated here by reference:

- Board Policy Manual
- Purchasing Policy

**Procedures**

The following procedures will be applied, to the extent that they do not conflict with or contradict other Board policies:

1. All grant expenditures will be in compliance with the Uniform Guidance, 2 CFR 200, State law, Township policy, and the provisions of the grant award agreement will also be considered in determining allowability. Grant funds will only be used for allowable costs and costs must meet the following general criteria to be allowable under Federal awards:
  - a. Be reasonable and necessary for the performance of the program and allocable thereto (see detail below);
  - b. Conform to any limitations or exclusions set forth in applicable regulations or in the award itself;
  - c. Be consistent with policies and procedures that apply uniformly to federally financed activities and other activities of the non-Federal entity; and
  - d. Be accorded consistent treatment. A cost may not be assigned to a Federal award as a direct cost if any other cost incurred for the same purpose in like circumstances has been allocated to the Federal award as an indirect cost.
  - e. Not be included as a cost or used to meet cost sharing or matching requirements of any other federally-financed program in either the current or a prior period.
  - f. Be adequately documented.
2. A cost is reasonable if it does not exceed that which would be incurred by a prudent person under the circumstances prevailing at the time the decision was made to incur the cost. In determining reasonableness of a given cost, consideration must be given to

**Meridian Charter Township  
Procedures and Federal Awards Administration  
OMB Compliance Supplement  
Activities Allowed/Unallowed and Allowable Costs/Cost Principles (Concluded)**

- a. Whether the cost is ordinary and necessary for the proper and efficient performance of the Federal award;
  - b. The requirements imposed by such factors as: sound business practices; arms-length bargaining; Federal, state, local, tribal, and other laws and regulations; and
  - c. Market prices for comparable goods or services.
3. A cost is allocable to a particular Federal award if the goods or services involved are chargeable or assignable to that Federal award in accordance with the relative benefits received. This standard is met if the cost:
  - a. Is incurred specifically for the Federal award;
  - b. Benefits both the Federal award and other work of the non-Federal entity and can be distributed in proportions that may be approximated using reasonable methods; and
  - c. Is necessary to the overall operation of the non-Federal entity and is assignable in part to the Federal award.
4. Applicable credits refer to those receipts or reduction of expenditure type transactions that offset or reduce expense items allocable to the Federal award. To the extent that such credits relate to allowable costs, they must be credited to the Federal award either as a cost reduction or cash refund, as appropriate.

The Federal award may be subject to statutory requirements that limit the allowability of costs. Payments made for costs determined to be unallowable must be refunded (including interest) to the Federal Government unless Federal statute or regulation directs otherwise.
5. Grant expenditures will be approved by department heads/program managers initially through the purchase order process, and again when the bill or invoice is received. This will be evidenced by signature or initials on the invoice. Accounts payable disbursements will not be processed for payment by Accounts Payable until necessary approval has been obtained.
6. Payroll costs will be documented in accordance with the Uniform Guidance, 2 CFR 200 as described in the section of this manual titled "Payroll and Timekeeping".
7. Indirect costs will be charged to federal grants at the federally negotiated indirect cost rate (if available) or the de minimis rate of 10% permitted by the Uniform Guidance, 2 CFR 200. The selected rate will be applied to Modified Total Direct Costs (MTDC). The Township may, at its discretion, choose to use all available grant funds for program purposes and not charge an indirect cost rate to a federal award.
8. To the extent that the Township passes through federal awards to subrecipients, the Township will review the subrecipient's grant budgets for compliance with allowable/unallowable costs.

**Board Policies**

The following policies have been separately reviewed and approved by the Township Board, and are incorporated here by reference:

- Board Policy Manual

**Procedures**

The following procedures will be applied, to the extent that they do not conflict with or contradict other Board policies:

1. Substantially all of the Township's grants are awarded on a reimbursement basis. As such, program costs will be expended and disbursed prior to requesting reimbursement from the grantor agency.
2. Advance payments of federal funds will be deposited and held by a financial institution. The Township will account for funds received, obligated, and expended.
3. Cash draws will be initiated by the Department Head who will determine the appropriate draw amount. Documentation of how this amount was determined will be retained and signed. An individual independent of this determination will review the draw amount and sign the paperwork as evidence of the control.
4. The physical draw of cash will be processed through the means prescribed by the grant agreement for the awards by the Department Head.
5. A copy of the cash draw paperwork will be filed along with the approved paperwork described above and retained for audit purposes.
6. To the extent that the Township passes through federal awards to subrecipients, the Township will make payments to subrecipients within 30 calendar days after receipt of billing, unless the Township reasonably believes the request to be improper.

- Board Policy Manual
- Purchasing Policy
- Fixed Asset Capitalization Policy

**Procedures**

The following procedures will be applied, to the extent that they do not conflict with or contradict other Board policies:

1. All equipment will be used in the program for which it was acquired or, when appropriate, other Federal programs.
2. When required, purchases of equipment will be pre-approved by the grantor or pass-through agency. The Department Head will be responsible for ensuring that equipment purchases have been previously approved, if required, and will retain evidence of this approval.
3. Equipment records will be maintained, and an appropriate system shall be used to safeguard equipment.
4. When equipment with a current per unit fair market value of \$5,000 or more is no longer needed for a Federal program, it may be retained or sold within the grant agreement guidelines. Proper sales procedures shall be used that provide for competition to the extent practicable and result in the highest possible return.

Source of Governing Requirements – The requirements for period of performance of Federal funds are contained in Uniform Guidance, 2 CFR 200, program legislation, Federal awarding agency regulations, and the terms and conditions of the award.

**Procedures**

The following procedures will be applied, to the extent that they do not conflict with or contradict other Board policies:

1. Costs will be charged to an award only if the obligation was incurred during the funding period (unless pre-approved by the Federal awarding agency or pass-through grantor agency).
2. Compliance with period of performance requirements will initially be assigned to the individual approving the allowability of the expense/payment. This will be subject to review and approval in the Finance Department as part of the payment processing.

### **Procedures**

The following procedures will be applied, to the extent that they do not conflict with or contradict other Board policies:

1. Purchasing and procurement related to Federal grants will be subject to the general policies and procedures of the Township (described in the Purchasing policy). **The Township should avoid acquisition of unnecessary or duplicative items.**
2. Contract files will document the significant history of the procurement, including the rationale for the method of procurement, selection of the contract type, contractor selection or rejection, and the basis of contract price.
3. Procurement will provide for full and open competition in accordance with 2 CFR 200.318 and 200.319.
4. The Township is prohibited from contracting with or making subawards under covered transactions to parties that are suspended or debarred or whose principals are suspended or debarred.  
“Covered transactions” include those procurement contracts for goods and services awarded under a non-procurement transaction (i.e. grant or cooperative agreement) that are expected to equal or exceed \$25,000 or meet certain other specified criteria. All non-procurement transactions (i.e. subawards to subrecipients), irrespective of award amount, are considered covered transactions.
5. The Township will ensure that compliance with suspension/debarment requirements through one of the following controls:

**Meridian Charter Township  
Procedures and Federal Awards Administration

Procurement, Suspension and Debarment (Concluded)**

- a. Including a suspension/debarment clause in all written contracts in which the vendor/contractor will certify that it is not suspended or debarred. The contract will also contain language requiring the vendor/contractor to notify the Township immediately upon becoming suspended or debarred. This will serve as adequate documentation as long as the contract remains in effect.
  - b. Requiring vendors and contractors to sign a statement certifying that they are not suspended or debarred and agreeing to notify the Township immediately upon being suspended or debarred. This would also serve as adequate documentation as long as the contract/vendor relationship remains in effect.
  - c. Periodically searching the federal excluded parties database at [www.sam.gov](http://www.sam.gov) and the State of Michigan debarred vendor list at <http://www.michigan.gov/micontractconnect/0,4541,7-225-48677-354349--,00.html> for the vendor name. Any potential match would be followed-up on immediately. A listing of the vendors search and the date of the procedures would be retained.
6. If a vendor is found to be suspended or debarred, the Township will immediately cease to do business with this vendor.

Source of Governing Requirements – Reporting requirements are contained in the following documents:

Uniform Guidance, 2 CFR 200, program legislation, Federal awarding agency regulations, and the terms and conditions of the award.

**Procedures**

The following procedures will be applied, to the extent that they do not conflict with or contradict other Board policies:

1. Reports will be submitted in the required frequency and within the required deadlines.
2. Reports will be completed using the standard forms (as applicable) and method of delivery (i.e. e-mail, grantor website, postal service, etc.).
3. Regardless of the method of report delivery, a copy of the submitted report will be retained along with any documentation necessary to support the data in the report. The report will evidence the date of submission in order to document compliance with timeliness requirements.
4. Financial reports will always be prepared based on the general ledger using the required basis of accounting (i.e. cash or accrual). In cases where financial data is tracked outside of the general accounting system (such as in spreadsheets), this information will be reconciled to the general ledger prior to report submission.
5. Any report with financial-related data will be reviewed by the Finance Department.
6. Preparation of reports will be the responsibility of the applicable department. All reports (whether financial, performance, or special) must be reviewed and approved by a knowledgeable administrator prior to submission. The reviewer will sign and date the report and retain this documentation.
7. Copies of submitted reports with the reviewer signature and date will be filed with supporting documentation and any follow-up correspondence from the grantor or pass-through agency. Copies of all such reports will be made available to Township administration, auditors, and pass-through or grantor agencies, as requested.

6. Payroll costs will be documented in accordance with the Uniform Guidance, 2 CFR 200 as described in the section of this manual titled "Payroll and Timekeeping".
7. Indirect costs will be charged to federal grants at the federally negotiated indirect cost rate (if available) or the de minimis rate of 10% permitted by the Uniform Guidance, 2 CFR 200. The selected rate will be applied to Modified Total Direct Costs (MTDC). The Township may, at its discretion, choose to use all available grant funds for program purposes and not charge an indirect cost rate to a federal award.
8. To the extent that the Township passes through federal awards to subrecipients, the Township will review the subrecipient's grant budgets for compliance with allowable/unallowable costs.

**Board Policies**

The following policies have been separately reviewed and approved by the Township Board, and are incorporated here by reference:

- Board Policy Manual

**Procedures**

The following procedures will be applied, to the extent that they do not conflict with or contradict other Board policies:

1. Substantially all of the Township's grants are awarded on a reimbursement basis. As such, program costs will be expended and disbursed prior to requesting reimbursement from the grantor agency.
2. Advance payments of federal funds will be deposited and held by a financial institution. The Township will account for funds received, obligated, and expended.
3. Cash draws will be initiated by the Department Head who will determine the appropriate draw amount. Documentation of how this amount was determined will be retained and signed. An individual independent of this determination will review the draw amount and sign the paperwork as evidence of the control.
4. The physical draw of cash will be processed through the means prescribed by the grant agreement for the awards by the Department Head.
5. A copy of the cash draw paperwork will be filed along with the approved paperwork described above and retained for audit purposes.
6. To the extent that the Township passes through federal awards to subrecipients, the Township will make payments to subrecipients within 30 calendar days after receipt of billing, unless the Township reasonably believes the request to be improper.

**Procedures**

The following procedures will be applied, to the extent that they do not conflict with or contradict other Board policies:

1. All equipment will be used in the program for which it was acquired or, when appropriate, other Federal programs.
2. When required, purchases of equipment will be pre-approved by the grantor or pass-through agency. The Department Head will be responsible for ensuring that equipment purchases have been previously approved, if required, and will retain evidence of this approval.
3. Equipment records will be maintained, and an appropriate system shall be used to safeguard equipment.
4. When equipment with a current per unit fair market value of \$5,000 or more is no longer needed for a Federal program, it may be retained or sold within the grant agreement guidelines. Proper sales procedures shall be used that provide for competition to the extent practicable and result in the highest possible return.

### **Board Policies**

The following policies have been separately reviewed and approved by the Township Board, and are incorporated here by reference:

- Board Policy Manual
- Purchasing Policy

### **Procedures**

The following procedures will be applied, to the extent that they do not conflict with or contradict other Board policies:

1. Purchasing and procurement related to Federal grants will be subject to the general policies and procedures of the Township (described in the Purchasing policy). The Township should avoid acquisition of unnecessary or duplicative items.
2. Contract files will document the significant history of the procurement, including the rationale for the method of procurement, selection of the contract type, contractor selection or rejection, and the basis of contract price.
3. Procurement will provide for full and open competition in accordance with 2 CFR 200.318 and 200.319.
4. The Township is prohibited from contracting with or making subawards under covered transactions to parties that are suspended or debarred or whose principals are suspended or debarred.  
“Covered transactions” include those procurement contracts for goods and services awarded under a non-procurement transaction (i.e. grant or cooperative agreement) that are expected to equal or exceed \$25,000 or meet certain other specified criteria. All non-procurement transactions (i.e. subawards to subrecipients), irrespective of award amount, are considered covered transactions.
5. The Township will ensure that compliance with suspension/debarment requirements through one of the following controls:

**Meridian Charter Township  
Procedures and Federal Awards Administration

Procurement, Suspension and Debarment (Concluded)**

- a. Including a suspension/debarment clause in all written contracts in which the vendor/contractor will certify that it is not suspended or debarred. The contract will also contain language requiring the vendor/contractor to notify the Township immediately upon becoming suspended or debarred. This will serve as adequate documentation as long as the contract remains in effect.
  - b. Requiring vendors and contractors to sign a statement certifying that they are not suspended or debarred and agreeing to notify the Township immediately upon being suspended or debarred. This would also serve as adequate documentation as long as the contract/vendor relationship remains in effect.
  - c. Periodically searching the federal excluded parties database at [www.sam.gov](http://www.sam.gov) and the State of Michigan debarred vendor list at <http://www.michigan.gov/micontractconnect/0,4541,7-225-48677-354349--,00.html> for the vendor name. Any potential match would be followed-up on immediately. A listing of the vendors search and the date of the procedures would be retained.
6. If a vendor is found to be suspended or debarred, the Township will immediately cease to do business with this vendor.

Reporting**

Source of Governing Requirements – Reporting requirements are contained in the following documents:

Uniform Guidance, 2 CFR 200, program legislation, Federal awarding agency regulations, and the terms and conditions of the award.

**Procedures**

The following procedures will be applied, to the extent that they do not conflict with or contradict other Board policies:

1. Reports will be submitted in the required frequency and within the required deadlines.
2. Reports will be completed using the standard forms (as applicable) and method of delivery (i.e. e-mail, grantor website, postal service, etc.).
3. Regardless of the method of report delivery, a copy of the submitted report will be retained along with any documentation necessary to support the data in the report. The report will evidence the date of submission in order to document compliance with timeliness requirements.
4. Financial reports will always be prepared based on the general ledger using the required basis of accounting (i.e. cash or accrual). In cases where financial data is tracked outside of the general accounting system (such as in spreadsheets), this information will be reconciled to the general ledger prior to report submission.
5. Any report with financial-related data will be reviewed by the Finance Department.
6. Preparation of reports will be the responsibility of the applicable department. All reports (whether financial, performance, or special) must be reviewed and approved by a knowledgeable administrator prior to submission. The reviewer will sign and date the report and retain this documentation.
7. Copies of submitted reports with the reviewer signature and date will be filed with supporting documentation and any follow-up correspondence from the grantor or pass-through agency. Copies of all such reports will be made available to Township administration, auditors, and pass-through or grantor agencies, as requested.

**Re: Ingham County Parks and Trails Millage Grant – Multi-Jurisdictional River Clearing Grant**

---

The Red Cedar River serves as a valuable natural feature in our region that is enjoyed by paddlers, fisherman, photographers and nature lovers in general. The ability to navigate the river has and continues to be challenging due to frequently occurring log jams. Over the years, the Friends of the Red Cedar and the Lansing Oar and Paddle Club have conducted multiple volunteer events to address some of the areas, as well as, the Ingham County Drain office.

The City of Williamston has recently installed a new launch facility in McCormick Park and had previously constructed a short “white water paddling” area near their downtown. Williamstown Township obtained funding last year to remove a large log jam in their jurisdiction, as well. It is apparent that a dedicated concerted effort is needed to address the navigability of the Red Cedar River. The Ingham County Parks and Trails Millage is interested in funding this effort.

I have worked together with Williamstown Township Supervisor, Wanda Bloomquist to complete a multi-jurisdictional grant application for submittal including City of Williamston, Williamstown Township, and Meridian Township. We are preparing a resolution of support for each jurisdiction for the request \$500,000 for up to three years of funding to address current and future log jams along an 18-mile stretch from McCormick Park in Williamston to Hagadorn in Meridian Township/East Lansing.

If the grant is approved, we will create a committee with representatives to determine yearly priority areas. Since this is a reimbursement program, I am recommending that Meridian Township serve as the fiduciary for this program.

**Re: Central Park Pavilion Renovation Update**

---

The pavilion in Central Park was constructed in 1978 as a multi-use shelter to host the Farmers' Market, as well as, picnics and other casual get-togethers. The pavilion continues to serve as a popular meeting place for our residents, but years of heavy use have certainly taken its toll.

Initially, our plan was to improve the aesthetics of the structure and surrounding area, but before moving forward on a beautification plan, we are evaluating the structural integrity of the support posts. If needed, we will move forward with installing a new structure in its place.

Site changes include:

- Since adding a new restroom building near the Historical Village two years ago for users of Central Park, we will remove the bathroom structure on the west side of the pavilion to open the view to the park.
- Add brick seat-walls on the corners to better define the space.
- Improve landscaping around the perimeter of the site.

Structural changes include:

- Remove the existing paneled walls that enclose the corners and replace with electronic wind screens.
  - Paint or wrap in vinyl the existing structure.
- OR**
- Replace with a new structure on the existing concrete pad

I will have a more complete plan available in the coming weeks.

### **Service Center**

In early April, the walls of the front hallway and the lobby ceiling were painted. New flooring was installed last week in the entry vestibule, lobby and front hallway. It is our goal to update the front counter at some point this summer, which would include lowering a portion to make it ADA compliant.

### **Municipal Building**

Staff working out of the Municipal Building were relocated the week of April 17 and are now located in the Town Hall Room, the HOMTV Studio, Public Safety Building, the Service Center, and our rented space at 2630 Bennett Road. On April 24<sup>th</sup> and 25<sup>th</sup>, we had a moving company come in to clear our building of all remaining furniture and items.

On Tuesday, April 25, our painting company began wallpaper removal on the first floor. They will complete the first-floor walls before moving to the second floor. At this point, we are estimating the wall repairs and painting will take anywhere from 72 to 90 days.

The week of May 8, our exterior front entrance doors will be demoed, while leaving the interior banks of entrance doors intact for locking. We will then have a concrete subcontractor come in to pour new slabs outside of the doors as the current cement has existing damage we need to address. Once the concrete has cured, the new doors will be installed. Our current timeline shows the doors being complete by May 26.

We are replacing most of the flooring in the Municipal Building, with an estimated start date of June 9. We believe the first floor should be finished around June 26 and the second floor should be finished around August 10.

Depending on delivery times, we are looking at beginning new furniture installation at the end of June. Installation will be staggered and will take place most likely from June through September.

It is our goal to update the front counter in the lobby by the end of September.

**Public Safety Building**

Contractors will be on-site for installation of the new access control system in the next few weeks. The system will be operational once installation is completed by the end of June.

New lockers are on order for the men's and women's locker rooms. We are expecting the lockers to arrive by the end of June. Installation has not yet been scheduled with the vendor.

We are working to replace all flooring in the building by the end of 2023/early 2024. Quotes have been secured and we need to sign off on the quote before the MIDEAL pricing expires on June 4.

**Re:** Township Diversity, Equity, and Inclusion (DEI) Plan and Annual Review

---

The Meridian Township Diversity, Equity, and Inclusion (DEI) Task Force has developed a general plan framework and review process to ensure we stay actively connected in our commitment to supporting all employees of the Township and the residents we are here to serve. The framework provides parameters that we can use to measure and assess actions taken and their levels of success in honoring our DEI Task Force Mission Statement. Because this plan will always be part of an evolving and expanding process, we know that over time, we will constantly be in the process of building upon improved operations through intentional activities, trainings, policy and protocol updates, and more for the benefit and wellbeing of our workers, ensuring that all may enjoy a safe, healthy and effective work environment.

**Attachment:**

1. Diversity, Equity, and Inclusion Plan

# DIVERSITY, EQUITY, and INCLUSION PLAN

---

## MISSION STATEMENT

### **To Promote and Support a Diverse, Equitable and Inclusive Workforce Through Training, Evaluation, and Action**

## PURPOSE & GUIDING PRINCIPLES

The purpose of the Township's DEI plan is to provide direction for creating a safe, healthy, and effective work environment which includes action such as:

- ✓ **INCLUSIVITY**
- ✓ **DIVERSITY**
- ✓ **EQUITY**
- ✓ **COLLABORATION**
- ✓ **REFLECTION**
- ✓ **DATA-DRIVEN DECISION MAKING**

## PROCESS

- Policies, Practices & Procedures to reflect DEI values: Personnel policies, contracts, manuals, guides, departmental training materials, etc.
- Culturally Responsive Training: Quarterly training (departmental, employee, leader, general all-employee, multi-media/format, on awareness topics such as effective communication/customer service, unconscious bias, microaggressions, confirmation bias, affinity bias, etc. We can include history, multiple peoples' voices, perspectives, social movements of groups that make us diverse and other types of experiences and trainings that inform with the intention of inviting constructive and collaborative communication.
- Ensure that multiple people with varied backgrounds or personal identities are included on our teams.
- Authentic Selves & Relationships: What are we experiencing & how does that affect our work relationships? As we working through conflict, are we demonstrating empathy and taking note of our awareness and sensitivity to others' experiences and points of view?
- Identify who will be responsible for carrying out and overseeing the strategies.
- Set target dates ("checkpoints") for monitoring progress, including DEI Task Force self-assessment, collaboration, and plans for continuing and refining our efforts. Regularly check in with our Task Force and departments to determine how we know we are succeeding, and whether those affected by our plans and initiatives would agree we are keeping to our mission.
- Add or modify strategies that will help us reach our goals.

## ANNUAL GOALS, IMPLEMENTATION and ANNUAL REVIEW

Develop indicators of success to measure what's working, what's not, and actively seek changes and new ideas for continued improvement. Multiple data sources may be utilized to inform decision making, including quantitative and qualitative methods like interviews or surveys. At the end of each year, the DEI Task Force can conduct an annual review of its actions in an effort to measure the impact of our work and plan for the upcoming year.

**Re: Metro Act – Protecting Meridian**

---

Since late 2022, we have experienced a significant increase in the number of broadband internet providers working to install their service in the Township.

When broadband providers begin work, it usually generates a lot of phone calls and emails from residents. While these providers often attempt to communicate with residents prior to work beginning, their communication is very ineffective. The mailers, door hangers and yard darts (mini yard signs placed next to mailboxes) are often recycled without residents reading them as it appears to be a solicitation, not a warning about upcoming construction. Residents simply discard them before opening the envelope and/or reading the content. The Township is also limited in terms of knowing if and when the communications have gone out to residents.

MetroNet installed fiber internet service in my neighborhood in late March. They did mail a letter about 50 days before the work began, but I never would have opened the envelope if I didn't know what was enclosed from my work with the Township. They also placed yard darts next to every mailbox in my neighborhood announcing the upcoming work. Some of these yard darts are still located next to mailboxes, highlighting how ineffective they are.

In the spirit of our 2023 Top 3 Goals (i.e. improving communication with residents), and in an effort to ensure our residents are aware of the work that will be occurring in front of their home, we are working to revise our utility permit requirements to include a very specific letter that must be mailed by the provider to residents 20-40 days prior to work beginning under the permit. Under our current plan, the letter must be enclosed in an envelope that is intentionally designed to make sure residents know that this is important information that they need to review. We used a similar notice on the outside of the envelope for the mailing we issued to inform residents and businesses of the 2023 renovation of the Municipal Building.

Essentially, the internet providers simply do not know how to communicate effectively with the public. Therefore, our tentative plan is to compel them to communicate effectively as a requirement of the utility permit they must to obtain from the Township to work in the public right-of-way and utility easements.

These internet providers are also consuming far too much of the Township's resources (i.e. staff time). To protect our taxpayers, the letter is written in a manner to direct questions to the internet provider first. The letter then instructs residents to contact the Township if the provider is not resolving their issue.

**Memo to Township Board**  
**May 2, 2023**  
**Re: Metro Act – Protecting Meridian**

We have resolved every complaint we have received resulting from utility work in the right-of-way to the full satisfaction of our residents, and we will continue to do so. However, the internet provider should be doing this without our constant involvement.

Most importantly, the letter is written to create a mutual understanding between the three parties (i.e. residents/businesses, the Township, and the internet provider) regarding what will happen in each instance (broken sprinkler system, lawn restoration timelines, etc.). I view the letter as a mutual contract that memorializes these things we have already been doing. We believe this letter will give residents a full understanding of what is occurring, why it is occurring, streamline the existing process for resolving matters when issues do occur, and save Township resources for our own projects and services for our residents.

The letter was written from emails we have been using to convey information to residents for some time now. This language is very well tested and has been well received by residents.

To give the Board some context, on average, we experience about 2-3 lawn restoration complaints per neighborhoods and about one broken underground utility per every 2-3 neighborhoods that have internet providers do installations in. So the issues are not rampant, but they do consume a considerable amount of work on a daily basis. We were experiencing far more issues prior to banning MetroNet's old contractor in 2022.

**Bonds Required under the Permit**

We will also be requiring each permit applicant to provide a \$10,000 annual cash bond to fund any necessary repairs to the right-of-way and utility easements.

**Fines and Penalties**

Under our ordinance, we are currently able to fine utilities for working without a permit \$500 per day. We are working with our attorneys to explore the feasibility of increasing this fine in our Code of Ordinances.

The purpose of tonight's discussion item is to educate the Board about this issue occurring in our community and get feedback and comments from the Board on this approach.

## **SUPPLEMENTAL SPECIFICATIONS**

1. **Call the Engineering Office at 517.853.4440 a minimum of 48 hours in advance of proceeding with work. Inspections are scheduled Monday thru Friday, 8:30 am to 4:00 pm, except on Township holidays.**
2. **PRECONSTRUCTION MEETING:** A preconstruction meeting between the Township and the contractor prior to construction of new utilities is highly recommended to avoid conflicts and unnecessary delays.
3. **INTENT:** Since a permit must be secured from Meridian Township prior to the start of any construction or maintenance operations proposed by this permit, it is the intent of these supplemental specifications to be incorporated as part of the plans or specifications required for this proposed work.
4. **LOCATION OF UTILITY LINES:** Install gas, telephone, or cable lines with minimum 5-foot horizontal and 1.5-foot vertical separation from any existing water or sanitary sewer mains and services. If there is a utility easement adjacent to the right-of-way, all new utilities shall be installed in the utility easement. Since approximately 1980, most neighborhoods and developments have included a utility easement.
5. **INGHAM COUNTY ROAD DEPARTMENT (ICRD) PERMIT:** Provide the Township Engineering office with a copy of the ICRD permit, which is required for any work done in the road right-of-way.
6. **FLOODPLAINS, WETLANDS, AND WATER FEATURES:** All projects should check with the Department of Community Planning & Development to determine the need, if any, for permits and approvals to work in the 100-year floodplain, regulated wetlands, or water features setbacks.
7. **EXCAVATION AND DISPOSAL OF EXCAVATED MATERIAL:** Stockpile excavated material in such locations that it does not obstruct vision on the traveled portion of the road and in such a manner that it will interfere as little as possible with the flow of traffic. Stockpile sod and topsoil separately from other excavated material. Dispose of all surplus and unsuitable material outside of the limits of the road right-of-way, unless the permit provides for disposal at approved locations within the right-of-way. In the latter case, level and trim the material in an approved manner.
8. **SAND-GRAVEL BACKFILL:** All backfill material within the road right-of-way or near sidewalks and pathways shall meet the requirements of MDOT Class II material, unless otherwise authorized, and shall be compacted to 95% of its maximum density in successive layers that are no more than 12 inches thick.
9. **DRIVEWAYS AND SIDEWALKS/PATHWAYS:** All concrete driveways and sidewalks/pathways damaged during construction or maintenance activities shall be replaced to the nearest joint with concrete on a compacted sand base. Damaged areas of asphalt driveways shall be sawcut, removed, and repaved to the same thickness as the existing asphalt on a compacted sand base. **Obtain a Township sidewalk permit prior to making any repairs.** Temporary repairs may be required for concrete sidewalk/pathway due to cold weather restrictions. A deposit to complete permanent repairs will be required if any repairs are not completed this year.
10. **RESTORATION:** All disturbed areas outside of roads, shoulders, driveways, and sidewalks must be restored with vegetation within 72 hours. Previously sodded areas shall be restored with 3 inches of screened topsoil and class 'A' sod. Other areas shall be restored with 4 inches of screened topsoil, seed, fertilizer, and loose mulch or biodegradable mulch blanket.
11. **PEDESTRIAN AND NON-MOTORIZED ACCESS:** Provisions for accommodating pedestrians and non-motorized traffic are required if the sidewalk or pathway will be inaccessible during construction or maintenance activities.
12. **ADDITIONAL SPECIFICATIONS:** Any proposed work in the right-of-way not covered by the plans and specifications submitted with this application shall be done in accordance with additional specifications or instructions deemed necessary by Meridian Township or its duly authorized representative.
13. **AS-BUILT DRAWINGS:** Provide the Township with one (1) set of as-built drawings for the completed work.
14. **CASH BOND:** To ensure the Township is able to restore the right-of-way when a permit holder fails to do so, the permit applicant shall maintain a cash deposit (certified check, cashier's check, and money orders are accepted) in the amount of \$10,000, unless waived in writing by the Meridian Township Director of Public Works & Engineering.
15. **NOTICE TO RESIDENTS:** All Metro Act permit applicants shall mail the standard notice attached to this permit application in the required envelope at least 20 days before work begins and no earlier than 40 days before work begins. Your draft notice must be submitted and approved by the Meridian Township Director of Public Works & Engineering prior to mailing the notice. Additional requirements for this notice can be found at the top of the standard notice, which is attached to this permit application.
16. The contractor shall have the approved permit and plans in their possession on the job at all times.

Under our permit with Meridian Township, this notice is required to be mailed to you between 20-40 days prior to our work beginning. If you have any questions after reviewing this notice, you may contact our **[INSERT TITLE, NAME, PHONE, AND EMAIL ADDRESS FOR THE PRIMARY CONTACT WHO WILL BE ACTIVELY OVERSEEING THE WORK ON THE GROUND FOR THE UTILITY OWNER]**.

We obtained a utility permit from Meridian Township, the Ingham County Road Department and the Ingham County Drain Commissioner's Office as required under state law to work in the public right-of-way and/or utility easements. The Township, Road Department and Drain Office have inspectors who monitor our work. You may contact the Meridian Township Department of Public Works & Engineering at 517.853.4400 or [dpw@meridian.mi.us](mailto:dpw@meridian.mi.us).

Prior to work beginning, USIC, a private third-party contractor, will mark all of the underground public utilities with flags and paint. The Township marks the public water utilities and sanitary sewer utilities, also using flags and paint. We will remove all of the MissDig flags when work has been completed. Please leave the flags in your yard during this work. It is illegal to pull Miss Dig

flags under state law in the interest of public safety. The paint used to mark sidewalks, roads and driveway approaches will wash off.

Sprinkler systems, invisible fences and private underground lighting are not marked as they are private property. We are usually boring conduit at a depth that does not conflict with these private systems. However, if your private system/s are damaged, we will work with you to repair it at no cost.

**We will be installing internet service using directional boring, so there will be minimal disturbance to lawns. We will NOT be trenching along the roadway.** Installation of this internet service does occasionally require us to dig some holes (about 2-3 feet wide) to physically verify the depth of some underground utilities we need to pass over/under. We will restore lawns in these isolated areas with soil, grass seed, and straw within 24-72 hours. If you experience a delay longer than 72 hours for restoration of lawns, please contact us so we can make sure your lawn is restored in a timely manner.

**[INSERT GENERAL DESCRIPTIONS AND INFORMATION HERE REGARDING ANY JUNCTION BOXES, CABINETS, OR SIMILAR STRUCTURES THAT WILL BE INSTALLED AT OR ABOVE GRADE DURING THIS WORK]**

We sincerely apologize in advance for any inconvenience caused by the construction, and we truly appreciate your patience and understanding while we work to bring new internet service to your neighborhood.

Sincerely,

**Re: Information Technology Project Update**

---

At the June 7, 2022 Board meeting, the Township Board authorized the Manager to expend ARP funds to execute a contract for the technology enhancements outlined in an improvement plan presented by Brightline IT in May of 2022. This plan including the following projects:

1. Meraki Network Switches at all main sites ✓
2. Palo Alto Firewall appliance installation at all main sites
3. SD-WAN
4. Meraki WLAN infrastructure ✓
5. AT&T, Verizon, & Comcast Business Internet enhancements
6. New vulnerability management assets including Microsoft Patch Management servers ✓
7. Two-Factor authentication for all public facing access points ✓
8. QuickHelp Learning Management & testing tools ✓
9. Storage Area Network reengineering & replacement
10. Disaster Recovery as a Service ✓
11. Enhanced Network Monitoring solutions ✓
12. Backup System Replacement
13. Microsoft 365 enhancements
14. Workstation replacements

Although there have been several delays, the technology team continues to make significant progress on this list in conjunction with our third party assistant, Brightline IT.

In 2022, the Meraki switches (1) & the primary firewall (2) at the Town Hall Building were completed. Additionally, the groundwork was laid to bring remote site firewalls online (2). As these firewall devices are deployed, it will allow the Township to complete a Software Defined – Wide Area Network in conjunction with new connections coming online at various points throughout 2023 (3 & 5).

Brightline also installed new patch management servers for the Township (6), assisted with the roll out of various training campaigns (8), and advised on the implementation of two-factor authentication to all of our Office 365 users (7).

New Meraki Wi-Fi access points were installed throughout all facilities as soon as the back-ordered products were delivered in early 2023 (4).

Perhaps the most significant enhancement completed to date is the implementation of the new Disaster Recovery as a Service system that came online in late March of 2023. This significantly improves the Township's ability to respond to a wide variety of both natural disaster and manmade events that might otherwise result in the loss of data.

In April of 2023, the new Storage Area Network device was brought online (9). Once data transfers are complete, this will lay the foundation for new data backup systems to replace the outdated systems currently employed by the Technology team.

Overall, this puts us about 75% of the way through our initially planned improvements, and leaves us with a good part of 2023 to focus on our internal backup systems, enhancements to our Microsoft 365 system, and workstation replacements.
