Advisory Committee**

Scheduled Treatment Notice

Wednesday, May 31, 2023

HERBICIDE TREATMENT: Lake Lansing is scheduled to be chemically treated on Wednesday, May 31, 2023. (after Memorial Day Weekend). The actual application date and time is subject to change because it is dependent on a number of factors including weather.

Please see attached Sign and Map (dated 5/15/2023) for details and restrictions. The attached Sign will be posted along the shoreline of all and/or any affected properties on the day of application.

Note; This application will involve two chemicals in different areas of the lake.

This notice and alert through Next Door and Facebook have been processed for the Lake Lansing Watershed Special Assessment District Advisory Committee by Meridian Township. This notice as well as future and past notices can be found on the Meridian Township website https://www.meridian.mi.us/government/boards-and-commissions/lake-lansing-advisory-committee/-folder-3186#docan1761_1847_1543.

Thank you,

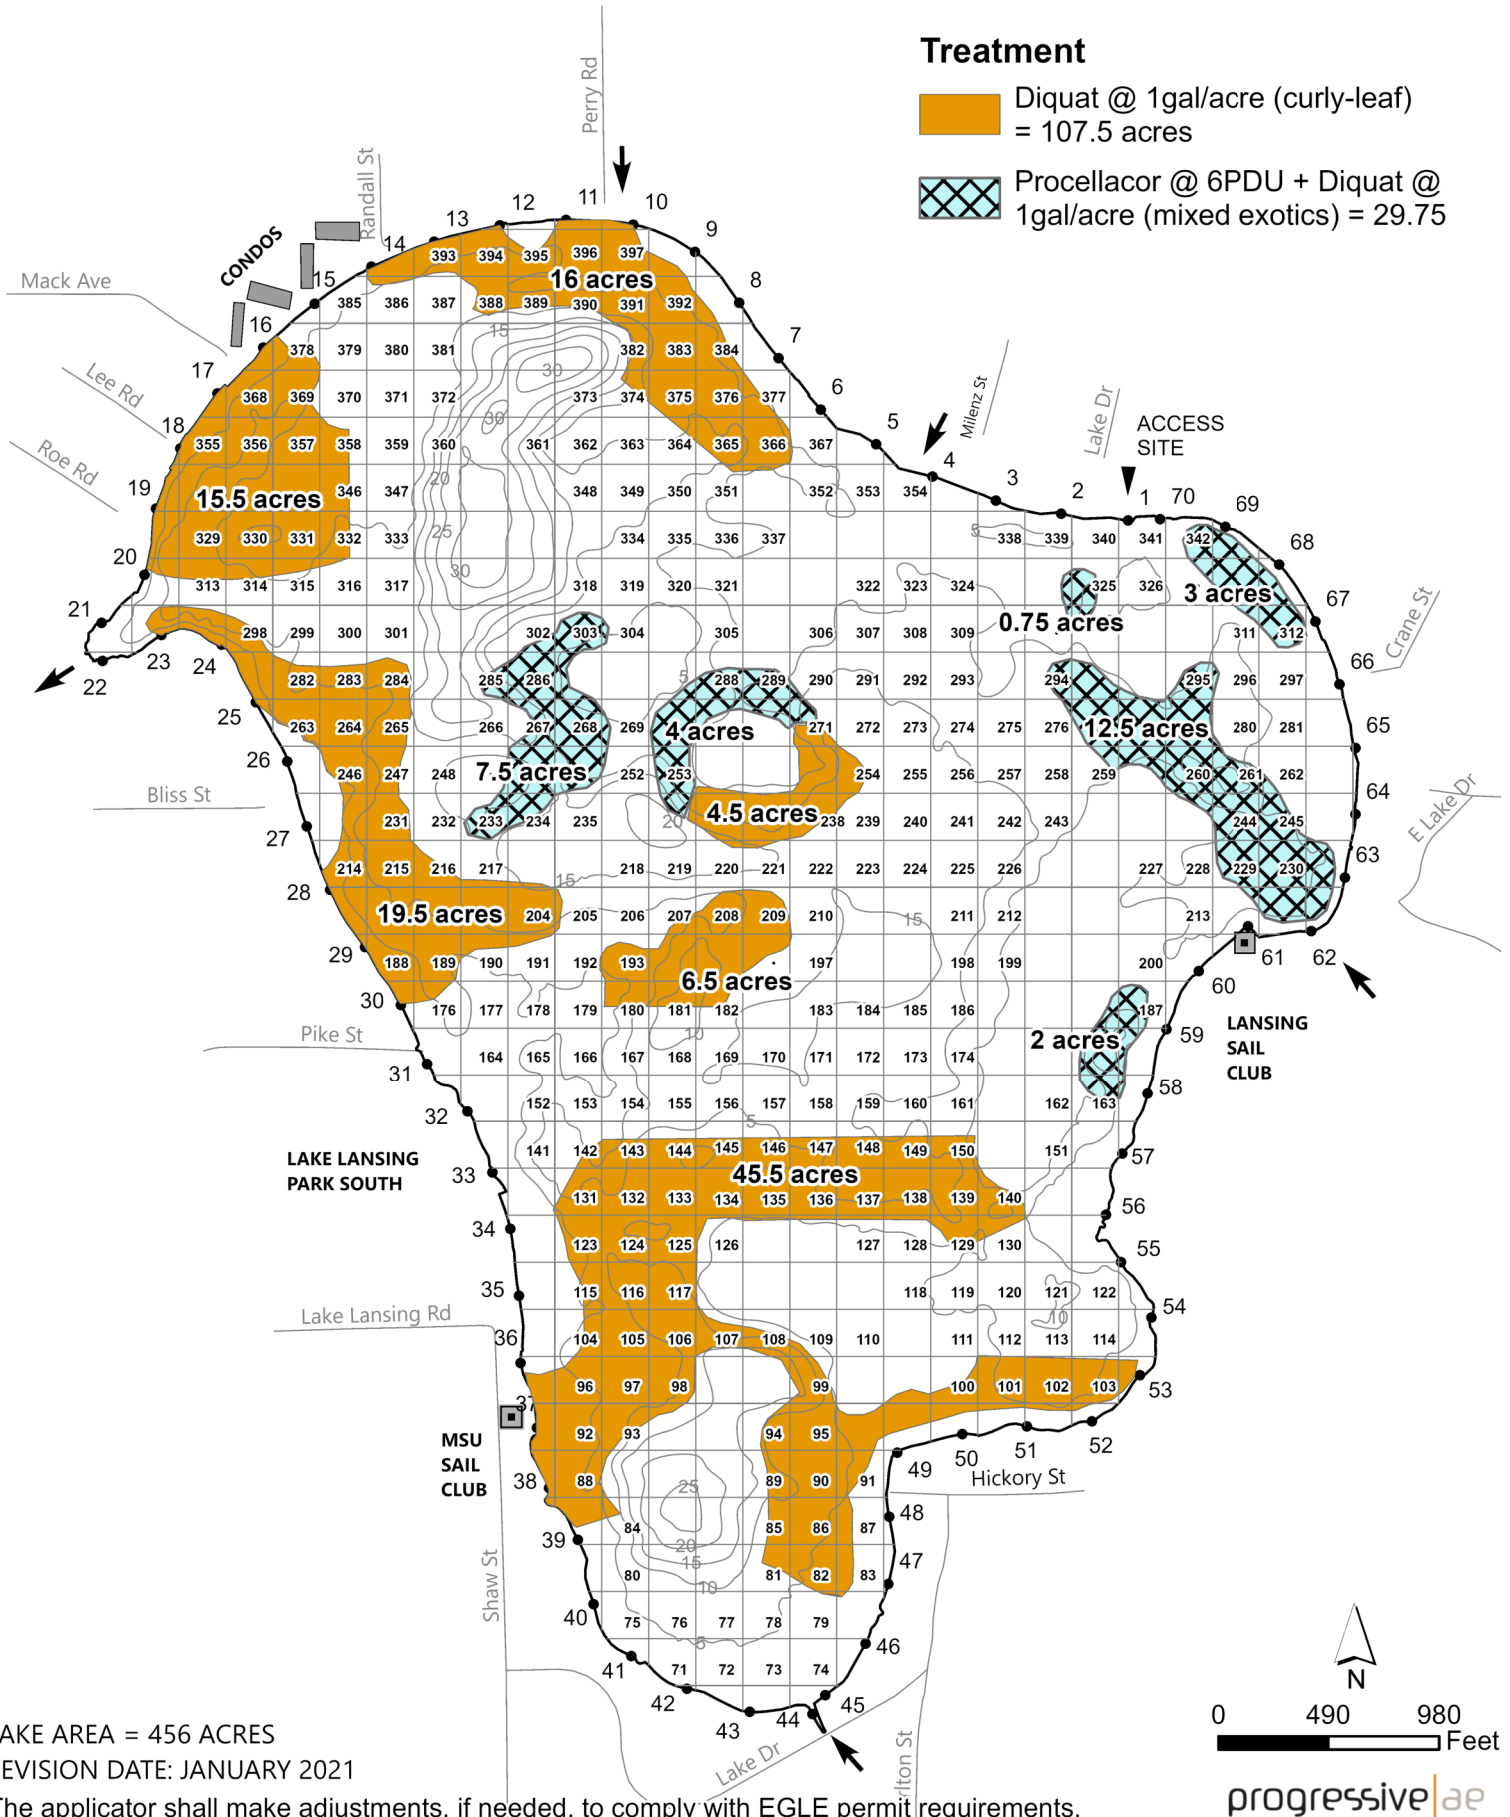

Lake Lansing Watershed Special Assessment District
Advisory Committee

Certified Applicators: Salvatore Adams, Preston Adgate, Jason Broekstra, William Conklin, Hannah Cornell, Jaimee Desjardins, Nathaniel Draper, William Ducham, Holden Elsner, Jeff Fischer, BreAnne Grabill, Dustin Grabill, Christian Halquist, Noah Hanson, Steve Hanson, Kyle Heath, Jake Hunt, Garrett Johnson, Blake Mallory, Michael Pichla, Elijah Quinn, Reese Ransom, Eric Reed, Colton Risner, Raquelle Robbins, Eric Roberts, Cory Robinett, James Scherer, Alison Schermerhorn, Sophia Scott, Casey Shoaff, Lucas Slagel, Keith terHorst, Jeff Tolan, Andy Tomaszewski, Dennis Vangessel, Andrew Weinberg

The chemicals used for Aquatic Nuisance Control are registered by the U.S. Environmental Protection Agency and the Michigan Department of Agriculture. The potential for damage to fish and other non-target organisms is minimal provided that the product is used as directed on the product label and the permit. To minimize the possible effects on health and the environment, the treated water is restricted for the above purposes.

Method of Application: Chemical application will be made via boat, back pack, and/or land vehicle applying liquid surface products by surface spray and/or injection. Granular product application will be surface broadcast.
