Daniels Drain Project Upcoming Construction Notice October 11, 2023

Dear Okemos/Meridian Township Resident:

There is upcoming planned construction work to complete the paving work on Northview Drive, remediate weak soils, and restore all disturbed areas along Northview Drive. The work is planned to begin on October 16, 2023, and is expected to take 2-3 weeks. Please note that the exact dates are subject to change as inclement weather shifts the contractor's schedule. During the week of October 16, Northview Drive will remain open to local traffic, however, if you are able to avoid the area please do so. During the week of October 23, Northview Drive will be closed to traffic to remove the poor soils underneath the road before final paving. During this time, traffic will need to enter the Forest Hills subdivision from Dobie Rd to Forest Hills Drive. Traffic control signs will be posted to deter drivers; however, a detour will not be installed as these are local roads. Please check the Meridian Township website for updates.

If you have any concerns or questions regarding this restoration work, please contact Kyle Smith, Project Engineer, GEI Consultants of Michigan, PC (734-904-9356). Thank you for your time and attention to this matter. It is a pleasure and an honor to serve you and the other citizens of Ingham County.
