1. CALL MEETING TO ORDER

Chair Stanko called the meeting to order and read the mission statement at 7:31am.

2. APPROVAL OF THE AGENDA

**MOTION BY MEMBER KORREY TO APPROVE THE AGENDA. SUPPORTED BY MEMBER CAWOOD.
MOTION APPROVED 6-0.**

3. APPROVAL MEETING MINUTES OF SEPTEMBER 11, 2023

**MOTION BY MEMBER KORREY TO APPROVE THE MINUTES. SUPPORTED BY MEMBER ROMAIN.
MOTION APPROVED 6-0.**

4. PUBLIC REMARKS

None.

5. FINANCIAL REPORT

A. Monthly Financial Report

Director Clark shared the finances for June-August. June balance = \$139,427.56, July balance=\$140,151.11 and August balance= \$141,126.30. A CD was opened at Independent Bank for \$130,000 and \$10,126.30 remains in the checking account.

6. AUTHORIZATION OF PAYMENTS

A. Consumers Energy Bill October 2023

MOTION BY MEMBER CAWOOD TO APPROVE THE PAYMENT OF THE OCTOBER 2023 CONSUMERS ENERGY BILL OF \$28.79. SUPPORTED BY MEMBER KORREY. MOTION APPROVED 6-0.

7. OLD BUSINESS

A. Village of Okemos- Development/RAP Grant Update

Director Clark gave an update on the project. There has been no official word from the State yet on the \$5 million grant request. Michigan Department of Environment, Great Lakes, and Energy (EGLE) had a recent conversation with the developer and the developer stated they still have plans to build the project and for that reason, they are not interested in filling the hole. The timeline on the Township approvals and permits ends in the summer of 2024. However, there was discussion that the change in the boulevard needed will be a major amendment to the project and will require Township Board approval. Discussion also included how does the Township get the site cleaned up and what legal recourse does the Township have with the property owner?

B. DDA Sign Mock Up

The DDA reviewed the four draft signs for the DDA. The DDA liked option B the most. However, there was discussion about changing the word Okemos to larger font and making the word Downtown smaller font. The group liked the words "Welcome to" on the sign. There was discussion that the logo is not attractive. The DDA decided to wait on ordering a new sign until they update the DDA logo. Director Clark will invite the Communications Team to the November DDA meeting to discuss updating the logo.

8. NEW BUSINESS

Representatives from the Drain Commission will be attending the November DDA meeting to discuss the Okemos Consolidation Drain Project.

9. REPORTS

A. Township Board

Treasurer Deschaine reported on the following:

- Board discussing Corridor Improvement Authority (CIA) TIF financing
- Discussing a 12 week paid parental leave program for Township Staff
- Update on Redevelopment Ready Communities (RRC)
- Planning a study session to discuss a possible Senior/Community Center. Received a \$5 million grant for the project from the State of Michigan.

B. Township Manager

Manager Walsh reported on the following:

- Happy 3rd work anniversary to Amber!
- Appointed new Chief of Police Rick Grillo
- Volunteer recognition will occur this month
- LuAnn's retirement party will be on 12/21/23
- Posting for the Parks & Recreation Director position this week
- Meeting with CATA to discuss eliminating the additional Redi-Ride millage
- Board will be reviewing Audit RFPs
- Board holding listening sessions to enhance communications with residents
- The bridge on the MSU to Lake Lansing Pathway has been installed

- 11th annual teambuilding event on October 11th
- 2024 Township Budget was approved

C. Planning Commission

Chair Blumer stated there was a large crowd at the last Planning Commission meeting. Residents came out to oppose a proposed zoning amendment for a townhouse rental community at Park Lake Road and Grand River Avenue. The Planning Commission is likely to vote no on the project. In addition, they are finishing up the Master Plan Update.

D. Chair Report

Chair Stanko mentioned it would be nice to hear the common themes that have resulted from the listening sessions.

E. Staff Report

Director Clark reported she will be working with the Communications Department on the Match on Main and Façade Improvement Plan press releases. 2755 Grand River Avenue is under construction.

10. OPEN DISCUSSION/BOARD COMMENTS

None.

11. PUBLIC REMARKS

None.

12. NEXT MEETING DATE

a. November 6, 2023, 7:30am-Township Municipal Building, Town Hall Room, 5151 Marsh Road.

13. ADJOURNMENT

The meeting was adjourned at 8:41am without objection.

Re: Village of Okemos Rap Grant and Project Update

The “Village of Okemos” initially approved as a concept in 2019 is a complicated redevelopment project proposed by West Pac Investments out of California. The project has received 4 plan amendments to alter aspects of their approved MUPUD in attempts to address issues with contamination, construction, and economics. The concept today is approved for the following as an

Mixed Use Planned Unit Development (MUPUD):

Total Building Square Feet: 246,939

Commercial Square Feet: 26,399

Residential Unit Count: 206

First floor walk through access

One story parking structure on Block 1 and underground parking on Block 2

Rooftop living space and common patio amenity for residents

Offsite landscape plan to include bio retention basin and offsite storm water retention

Financial Approvals

Michigan Department of Environment, Great Lakes, and Energy Grant (EGLE) and Loan for site contamination and clean up: \$1 Million Dollar Loan and \$1.3 Million Dollar Grant for environmental Cleanup activities. **\$274,967.93** spent out of the grant portion of funding, during the removal of the buildings on Block 2(occurred Jan 1, 2021 with request from the Township to remove the buildings).

Meridian Township Redevelopment Fund (MRF) was approved by the Meridian EDC Board March 1, 2022 and Township Board on May 17, 2022, for the use of \$1.25 Million Dollars as a reimbursement draw for the reconstruction of Methodist, Clinton, Ardmore, Hamilton, and Okemos Road. The funding will not be reimbursed to the developer for use until construction of the roads begins and receipts are presented to the EDC verifying payment for materials, contract work, and other eligible activities. A formal development and reimbursement agreement will be signed prior to payment submissions.

Meridian Township Brownfield Redevelopment Authority (BRA) has approved the use of Brownfield Tax Increment Financing as a reimbursement for site contamination clean up. Tax Increment Financing or “TIF” is an incentivized redevelopment funding tool to be used for public good to encourage development in areas where development would be extraordinarily challenged. The site of the Village of Okemos project is heavily contaminated from previous establishments. The source of contamination is removed and not all of the contaminated soils will be able to be extracted. Encapsulation of these soils will guarantee a safe use of the site and safe future for the Red Cedar River. As the development of the land is cleaned up the value of the land will increase. That increase in taxable value may be reimbursed to the developer should they pay to remove the contaminated soils. The Meridian Township BRA approved the \$6.9 Million dollar reimbursement for the

development of the site. \$124,141 will come to the BRA for administration of the plan, \$375,880 to the revolving fund of the BRA for future site improvements and \$736,987 to the State of Michigan's Revolving fund a total of about \$1.2Million back to taxpayers for public Brownfield eligible projects. As a reimbursement the project must complete in order for payment back to the developer shall begin.

Community Projects Fund or CPF, is a Federal program that invests in a wide variety of projects nationwide like housing, homelessness prevention, workforce training, public facilities, parks, resilience planning and critical infrastructure. Grants are selected through a congressionally directed application process, and in 2023 I applied on behalf of the DDA for the Village of Okemos Workforce Housing redevelopment. The selection by Representative Slotkin secured the project to potentially gain support at the Federal level for the development of the project. We requested \$7.5M to construct the project and address utilities on the site. We have been informed the appropriation we may receive will be less than \$2 Million dollars. As a partner in this redevelopment we will work with the developer to determine the next best use of the funding related to the project.

OCTOBER 2023

No new information from the State of Michigan at this time regarding an approval of funding from the RAP grant. Awards have not been publicly announced. The developer attended a meeting with Consumers Energy and the Township, September 20, 2023. The consensus was to wait to see how much funding if any came from the RAP grant before we discuss options other than burial of the HVD.

NOVEMBER 2023

MEDC announced the final selections for RAP 2.0 (Revitalization and Placemaking) grant program in 2023. The Village of Okemos project was not selected, with \$7M allocated to the region, The City of Lansing was awarded \$6.6M of the funding available. As a team, Township staff met with MEDC to understand the State's decision regarding RAP and how the Village of Okemos project weighed in comparison. Township Staff have reached out to the development team and at this time, they are going back to the drawing board to access where the project is currently. Due to this announcement we are seeking a meeting as soon as possible with the development team. For 2024 the DDA may be working alongside the property owner to grass the site and keep it looking presentable for the time being.

Okemos Consolidated Drain Project

Stormwater Management Facility

As part of the Okemos Consolidated Drain Project and in coordination with MDOT, county and local agencies, Ingham County Drain Commissioner Patrick Lindemann is working to provide stormwater management through green infrastructure and restoration. To this end, the Drainage District has purchased this and other properties to:

- Prevent uncontrolled runoff
- Protect downstream residential neighborhoods
- Protect water quality in the Red Cedar River

It starts with a drop. The project vision is to approach stormwater management with low impact design methods using the natural water cycle to manage, absorb, and filter stormwater on site. The map above shows the initial areas that will be enhanced through green infrastructure, which will not only reduce flooding, but bring pockets of nature into this urban area. The new green spaces will link the larger Township trail system, connecting commercial, historic and cultural areas to green space.

DRAFT

NATURAL WATER CYCLE

The water cycle is the continuous movement of water within the earth and its atmosphere. It relies on water infiltration into the ground to be cleansed by the earth as it moves toward lakes and streams.

URBAN WATER CYCLE

The development of urban areas and hard landscapes prevents water from soaking into the ground. This leads to increased flooding and erosion and habitat and water quality degradation.

GREEN INFRASTRUCTURE

Using best management practices (BMPs) for stormwater helps prevent the effects of the urban water cycle through rain gardens, bioretention areas and wetlands. BMPs are not only functional but add natural beauty to urban areas.

Re: DDA 2023 Calendar Meeting Dates & Resolution

History

Annually the boards and commissions in local government by resolution establish the regular meeting schedule for the body. The notices of public hearing are a requirement of the Open Meetings Act. The dates approved by the body will be our regular meeting dates, the board has the ability to call a special meeting with a motion and support by two members of the commission. Note due to the new changes for early voting, Monday August 5, 2024 the DDA will meet at Central Fire Station for their regular meeting.
