Ingham County Drain Commissioner Patrick E. Lindemann (ICDC) has implemented an emergency road closure at the intersection of Sherbrook Way and Beuna Parkway in Haslett, due to the failure of the tile within the Hillbrook Drain under the intersection. This failure caused a large sinkhole at the intersection that made the road unsafe for traffic. The extent of the failure under the road is not known at this time, so the emergency closure is necessary to protect public health and safety.

ICDC is obtaining bids from contractors to repair the drain. As soon as a contractor is selected and a schedule is available, ICDC will advise on when the road will be reopened.

A Declaration of Emergency Condition under MCL 280.196(8) has been signed by Drain Commissioner Patrick E. Lindemann to authorize this maintenance and repair that is necessary to alleviate the emergency condition.

For additional information, questions can be directed to Supervisor of Drain Operations and Maintenance Eric Daldos at 517-676-8395 or 517-719-4914.
