The Land Preservation Advisory Board Members will be touring a portion of Lake Lansing North's prescribed burn areas, deer exclosures and deer-resistant garden on Friday, October 5 at 10 am.

**Meeting Location:**

We will meet at the neighborhood park entrance on Wild Ginger Trail. If you are heading north on Marsh, take a right on Lake Drive (just past the log cabin looking veterinarian office), follow that around to the north-east side of the lake and hang a right on Woodwind Trail. Woodwind Trail leads to Wild Ginger Trail and the park entrance.

This site tour event is for discussion only and although a quorum of the Land Preservation Advisory Board may be present, there will be no decisions made at this time. The site tour will be held rain or shine. Please wear boots (expect to get wet feet) and mosquito repellent.
